

BALLPEEN HAMMER - BROWNELLS BALLPEEN HAMMER MODEL HP8, 8OZ (226.8 GRAMS)

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Hammers](#)

Superb Balance; Fiberglass Handles

BALLPEEN HAMMER The Brownells Ballpeen Hammer is a durable and versatile tool designed for gunsmiths and firearm enthusiasts, providing reliable performance for various tasks. Key Features: **Hardened Steel Head:** Ensures durability and longevity, capable of withstanding repeated use without deformation. **Fiberglass Shank:** Offers strength and resilience, reducing the risk of breakage compared to traditional wooden handles. **Cushioned Rubber Grip:** Provides a comfortable and secure hold, enhancing control and reducing user fatigue during extended use. **Half-Round 'Ballpeen':** Allows for precise peening and shaping tasks, essential for detailed gunsmithing work. This hammer is available in different weights to suit various applications, ensuring you have the appropriate tool for your specific needs. Customer reviews highlight the hammer's balance and ergonomic design, noting its effectiveness in performing precise work without causing damage to firearm components. In summary, the Brownells Ballpeen Hammer combines quality materials with thoughtful design, making it an essential addition to any gunsmith's toolkit.

Safety Instruction Guide for Brownells Ballpeen Hammer

Introduction

Thank you for choosing the Brownells Ballpeen Hammer. This guide provides essential safety information and instructions to ensure the safe and effective use of this tool. Please read this guide carefully before using the hammer.

General Safety Guidelines

- Always use the hammer for its intended purpose.
- Inspect the hammer before each use for any signs of damage or wear.
- Keep the hammer out of reach of children and ensure it is not used by individuals without proper training.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect against flying debris.
- Do not use the hammer if you are under the influence of drugs or alcohol.
- Store the hammer in a dry place away from extreme temperatures and moisture to prevent damage.

Specific Safety Precautions for Use

- **Hardened Steel Head:**
 - Ensure the head is securely attached to the shank before use.
 - Avoid striking hard surfaces that could cause the head to chip or break.
- **Fiberglass Shank:**
 - Do not use the hammer if the shank is cracked or damaged.
 - Avoid excessive force to prevent breakage.
- **Cushioned Rubber Grip:**
 - Ensure the grip is clean and free from oil or other substances that could cause slippage.
 - Replace the hammer if the grip shows signs of wear or damage.
- **HalfRound 'Ballpeen':**
 - Use the ballpeen side for precision tasks only; do not use it for heavy striking.
 - Ensure that the workpiece is secure before striking.

Instructions for Installation and Usage

1. Preparation:

- Select a suitable work surface that is stable and secure.
- Gather all necessary materials and tools before starting your project.

2. Using the Hammer:

- Hold the hammer firmly by the cushioned rubber grip.
- Position the hammer so that the striking surface is aligned with the workpiece.
- Strike the workpiece with controlled force, using the flat face for general striking and the ballpeen

- for peening tasks.
- Avoid striking your hands or fingers.

3. After Use:

- Clean the hammer after each use to remove dirt and debris.
- Inspect the hammer for any damage and store it in a safe place.

Disposal Instructions

- Dispose of the hammer responsibly in accordance with local regulations.
- If the hammer is damaged beyond repair, consider recycling the materials where applicable.

Contact Information for Further Support

For any safety inquiries or to report issues related to the Brownells Ballpeen Hammer, please contact the appropriate authorities or your local product safety office.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Ballpeen Hammer. Thank you for prioritizing safety!
