

# TAURUS TRACKER SCOPE MOUNT - WEIGAND COMBAT TRACKER SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

Precision-machined, aluminum scope mount accepts Weaver-style rings to let you mount a scope on your Taurus Tracker. Also great for red-dot optics. Integral recoil lug fits into rear sight notch for a rock solid hold that prevents scope movement. Requires removing rear sight. No drilling or tapping required.

# TAURUS TRACKER SCOPE MOUNT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Taurus Tracker Scope Mount by Weigand Combat. This product is designed to enhance your shooting experience by allowing the attachment of various optics to your Taurus Tracker firearm. Please read this safety instruction guide thoroughly to ensure proper use and maintenance of the scope mount.

## General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the firearm is unloaded before installing or removing the scope mount.
- Store the scope mount and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the scope mount for signs of damage or wear.
- Use only compatible optics and accessories as specified by the manufacturer.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- Ensure that the scope mount is securely attached to the firearm before use.
- Do not exceed the manufacturer's recommended specifications for the scope and accessories.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you notice any unusual movement or instability in the scope after installation, discontinue use immediately and inspect the mount.
- Avoid using the scope mount in adverse weather conditions unless it is rated for such use.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Ensure your Taurus Tracker is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver for mounting screws.

#### 2. Remove Rear Sight:

- Carefully remove the rear sight from your Taurus Tracker. This may require specific tools; refer to your firearm's manual if necessary.

#### 3. Position the Scope Mount:

- Align the scope mount with the rear sight notch on the firearm.
- Ensure the integral recoil lug fits securely into the notch for a stable hold.

#### 4. Attach the Scope Mount:

- Using the provided mounting screws, securely attach the scope mount to the firearm.
- Ensure all screws are tightened to prevent movement during use.

#### 5. Mount the Optic:

- Attach your Weaverstyle scope or red dot optic to the scope mount, following the manufacturer's

instructions for the optic.

#### **6. Final Check:**

- Inspect the installation to ensure everything is secure and properly aligned before use.

### **Usage Tips**

- Familiarize yourself with the scope's adjustments and settings before heading to the range.
- Always check your scope mount and optics before each use to ensure they are secure and functioning correctly.

### **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the scope mount becomes damaged beyond repair, dispose of it in accordance with local waste management regulations.
- Do not throw the product in fire, as it may release harmful substances.

### **Contact Information for Further Support**

For any inquiries or concerns regarding the Taurus Tracker Scope Mount, please contact the manufacturer or refer to the product packaging for additional support information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Taurus Tracker Scope Mount. Always prioritize safety and responsible firearm handling practices.
