## Ultra-Reliable, Extra-Capacity & Smooth Feeding Of All The Rounds

Wilson Combat applied 30 years of experience building high-performance 1911 magazines to develop this ultra-reliable magazine for combat, competition, or self-defense. Made with state-of-the-art materials using the latest manufacturing technology, these single-stack magazines are built tough to keep running in unforgiving, real-world conditions. The body formed from extra-thick stainless steel, with the radius of each curve engineered to minimize stress points, virtually eliminates feed lip cracking and stress fatigue. Even the position of the witness slots toward the rear is designed to enhance structural integrity. A proprietary welding, deburring, and polishing process provides an unusually strong, super-smooth seam to ensure snag-free follower movement and easy insertion in the mag well. The non-tilt follower of self-lubricating polymer fully supports the ammo stack to prevent nose-dives, double feeds, and other hang-ups. The mag body design puts less tension on the spring than standard magazines, increasing spring life and making it easy to seat a fully loaded magazine with the slide closed. The polymer base pad adds minimal bulk yet ensures a firm purchase even when your hands are wet; removes easily for cleaning. Numbers 1 through 10 stamped on the bottom help you mark each of your magazines to track usage and performance. .45 ACP fits Gov't Model; 8 round capacity; round-count numbers stamped on body next to witness holes. Available in natural Silver or Black Oxide finish in singles or in convenient, money-saving 3-Paks with or without a Michael's of Oregon double mag pouch of rugged, high-impact Kydex® molded polymer. ETM MAX Magazines feature the MAX flatwire magazine springs. The heat-treated MAX flatwire construction never gets stressed or over-compressed like a conventional spring and is guaranteed to never require replacement even after high round counts or daily, extreme duty use. Maximum longevity MAX flatwire spring will never lose optimum feeding tension as long as you own the magazine -guaranteed! Extensively tested by the Wilson Combat Shooting Team and testfire crew. Maximum corrosion resistance-heat treated stainless MAX spring won't corrode in high humidity or marine environments-a leading cause of service pistol spring fatigue.

## Attributes

- Name: [WILSON COMBAT GOVT .45 ACP 8-RD, SILVER, POLYMER BASE](#)
- Manufacturer: [WILSON COMBAT](#)
- Product no.: 965000050
- Mfr. No.: 500
- Capacity: 8-Round
- Cartridge: 45 Auto (ACP)
- Finish: Silver
- Material: Stainless Steel
- Model: Government
- Weapon type: 1911

- Delivery weight: 0.045kg
- Shipping height: 13mm
- Shipping width: 76mm
- Shipping length: 170mm

# Safety Instruction Guide for ELITE TACTICAL 1911 .45 ACP Handgun Magazine

## Introduction

Thank you for choosing the ELITE TACTICAL 1911 .45 ACP Handgun Magazine. This product is designed for high performance and reliability in combat, competition, and selfdefense situations. To ensure safe use and optimal performance, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle the magazine with care, treating it as if it is loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Inspect the magazine regularly for signs of wear or damage.
- Do not modify the magazine or use it with incompatible firearms.
- Store the magazine in a safe and secure location when not in use.
- Follow all local laws and regulations regarding firearm accessories and ammunition.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before inserting or removing the magazine.
- Use only .45 ACP ammunition that meets industry standards.
- Avoid using damaged or worn magazines, as they may cause malfunctions.
- Do not attempt to disassemble the magazine unless instructed to do so by a qualified professional.
- Be aware of your surroundings and ensure a safe backdrop when using the magazine in conjunction with a firearm.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the firearm is pointed in a safe direction and is unloaded.
2. Align the magazine with the magazine well of the firearm.
3. Firmly push the magazine into the magazine well until it clicks into place.

### • Usage:

1. Load the magazine with .45 ACP ammunition, ensuring each round is seated properly.
2. Insert the loaded magazine into the firearm as described in the installation section.
3. To remove the magazine, press the magazine release button and pull the magazine out of the magazine well.
4. Always keep your finger off the trigger until you are ready to shoot.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations concerning firearm accessories.
- If the magazine is damaged or no longer usable, consider contacting a local recycling center that accepts metal products.
- Never dispose of magazines in regular household waste.

## **Contact Information for Further Support**

For any questions regarding safety, usage, or maintenance of the ELITE TACTICAL 1911 .45 ACP Handgun Magazine, please refer to the manufacturer's website or contact their customer service department.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your ELITE TACTICAL 1911 .45 ACP Handgun Magazine. Always prioritize safety and responsibility when handling firearms and related accessories.
