

ELITE TACTICAL 1911 45 ACP HANDGUN MAGAZINE WITH POLYMER BASE - WILSON COMBAT GOVT .45 ACP 8-RD, BLACK, POLYMER BASE

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

Ultra-Reliable, Extra-Capacity & Smooth Feeding Of All The Rounds

Wilson Combat applied 30 years of experience building high-performance 1911 magazines to develop this ultra-reliable magazine for combat, competition, or self-defense. Made with state-of-the-art materials using the latest manufacturing technology, these single-stack magazines are built tough to keep running in unforgiving, real-world conditions. The body formed from extra-thick stainless steel, with the radius of each curve engineered to minimize stress points, virtually eliminates feed lip cracking and stress fatigue. Even the position of the witness slots toward the rear is designed to enhance structural integrity. A proprietary welding, deburring, and polishing process provides an unusually strong, super-smooth seam to ensure snag-free follower movement and easy insertion in the mag well. The non-tilt follower of self-lubricating polymer fully supports the ammo stack to prevent nose-dives, double feeds, and other hang-ups. The mag body design puts less tension on the spring than standard magazines, increasing spring life and making it easy to seat a fully loaded magazine with the slide closed. The polymer base pad adds minimal bulk yet ensures a firm purchase even when your hands are wet; removes easily for cleaning. Numbers 1 through 10 stamped on the bottom help you mark each of your magazines to track usage and performance. .45 ACP fits Gov't Model; 8 round capacity; round-count numbers stamped on body next to witness holes. Available in natural Silver or Black Oxide finish in singles or in convenient, money-saving 3-Paks with or without a Michael's of Oregon double mag pouch of rugged, high-impact Kydex® molded polymer. ETM MAX Magazines feature the MAX flatwire magazine springs. The heat-treated MAX flatwire construction never gets stressed or over-compressed like a conventional spring and is guaranteed to never require replacement even after high round counts or daily, extreme duty use. Maximum longevity MAX flatwire spring will never lose optimum feeding tension as long as you own the magazine -guaranteed! Extensively tested by the Wilson Combat Shooting Team and testfire crew. Maximum corrosion resistance-heat treated stainless MAX spring won't corrode in high humidity or marine environments-a leading cause of service pistol spring fatigue.

Attributes

- Name: [WILSON COMBAT GOVT .45 ACP 8-RD, BLACK, POLYMER BASE](#)
- Manufacturer: [WILSON COMBAT](#)
- Product no.: 965000070

Safety Instruction Guide for ELITE TACTICAL 1911 45 ACP HANDGUN MAGAZINE WITH POLYMER BASE

Introduction

Thank you for choosing the ELITE TACTICAL 1911 45 ACP Handgun Magazine with Polymer Base. This guide provides essential safety instructions to ensure the safe and effective use of your magazine. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the magazine is compatible with your firearm model before use.
- Always handle the magazine and firearm with care, treating them as if they are loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect the magazine for signs of wear or damage before use.
- Store the magazine in a cool, dry place away from direct sunlight and moisture.
- Follow all local laws and regulations regarding firearm and magazine use.

Specific Safety Precautions for Use

- Do not exceed the magazine's 8round capacity to ensure safe operation.
- Avoid using damaged or worn magazines, as they may cause malfunctions.
- Ensure the magazine is fully seated in the firearm before attempting to fire.
- Use only .45 ACP ammunition that is in good condition and free from defects.
- Do not attempt to modify the magazine in any way, as this may compromise safety and reliability.
- Be aware of your surroundings and ensure that you are in a safe environment when loading or unloading the magazine.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until you hear a click, indicating it is securely in place.

2. Loading the Magazine:

- Hold the magazine with the follower facing up.
- Insert one round at a time into the magazine, ensuring it is seated correctly.
- Continue loading until you reach the maximum capacity of 8 rounds.
- Avoid pressing down on the follower while loading to prevent damage.

3. Using the Magazine:

- Insert the loaded magazine into the firearm as described in the installation section.
- Ensure the firearm is in a safe condition before attempting to fire.
- After firing, remove the magazine by pressing the magazine release button and gently pulling the magazine out.

4. Unloading the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Remove the magazine from the firearm.
- Carefully press the follower down and remove each round from the magazine.

Disposal Instructions

- Dispose of the magazine according to local regulations.
- If the magazine is damaged or no longer functional, it should be recycled or disposed of in a manner that prevents accidental use.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your magazine, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ELITE TACTICAL 1911 45 ACP Handgun Magazine with Polymer Base. Always prioritize safety and responsibility in your firearm practices.
