Wilson Combat 1911 Complete Spring Kits Safety Instructions

Introduction

Thank you for choosing the Wilson Combat 1911 Complete Spring Kits. These kits are designed to enhance the performance of your 1911 firearm by providing all necessary springs for both repair and assembly. It is essential to follow these safety instructions to ensure safe handling, installation, and use of the product.

General Safety Guidelines

- Always treat firearms as if they are loaded.
- Keep firearms pointed in a safe direction at all times.
- Ensure that you are in a safe environment when handling or installing the spring kits.
- Store all components in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in close proximity when working with the firearm.
- Regularly check for product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the appropriate springs provided in the kit for your specific 1911 model.
- Inspect all springs for damage before installation. Do not use damaged or deformed springs.
- Wear safety glasses to protect your eyes from potential spring recoil during installation.
- Avoid placing your fingers near the spring housing when installing or removing springs.
- Do not modify any springs or components; alterations can lead to unsafe conditions.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and the magazine is removed.
- Disassemble the firearm according to the manufacturer's instructions.

2. Installation of Springs:

- **Recoil Spring:**
 - Remove the old recoil spring and replace it with the new 18 ½lb (or 20lb for Commander kit) recoil spring.
- **Firing Pin Spring:**
 - Replace the firing pin spring with the extra power firing pin spring included in the kit.
- **Hammer Spring:**
 - For fullsize kits, install the 18lb reduced power hammer spring. For Commander kits, use the 18lb reduced power spring.
- **Mag Catch Spring:**
 - Install the mag catch spring according to the firearm's assembly instructions.
- **Sear Spring:**
 - Replace the existing sear spring with the new one provided in the kit.
- **Plunger Tube Spring:**
 - Install the plunger tube spring, ensuring it is securely in place.

3. Reassembly:

- Carefully reassemble the firearm, ensuring all components are correctly fitted.
- Perform a function check to ensure that the firearm operates safely and correctly.

4. Post Installation:

- Store the firearm securely after installation.
- Regularly inspect the springs and components for wear and tear.

Disposal Instructions

- Dispose of any old springs and components in accordance with local regulations.
- Do not dispose of springs in regular household waste. Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Wilson Combat 1911 Complete Spring Kits, please refer to the manufacturer's website or contact your local dealer for assistance. Always ensure you are following the latest safety guidelines and product updates.

Thank you for prioritizing safety while using the Wilson Combat 1911 Complete Spring Kits. Enjoy your enhanced firearm performance!
