

# 1911 10-ROUND ELITE TACTICAL MAGAZINES - WILSON COMBAT

## ETM 9MM 1911 MAGAZINE GEN 2

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

In the quest for flawless magazine function across a wide variety of custom and production handguns, Bill Wilson has redesigned the Elite Tactical 9mm 1911 magazines to feed more smoothly, seat easier and lock back positively in a wider spectrum of guns than ever before. The "Next Generation" ETM 9mm magazines have arrived and like other Wilson Combat Magazines will raise the bar for 1911 pistol reliability. After months of intensive research and testing by Bill Wilson in a myriad of custom and factory 9mm 1911's, Wilson Combat believes they have solved the issue of magazine reliability in a single stack 9mm 1911. These Next Gen ETM magazines have a redesigned tube with a small front ramp to prevent nose down feeding with short or hollow point rounds. A redesigned back spacer accommodates a wide variety of long-loaded ammunition and a stainless steel follower and extra power spring ensure slide lockback even in guns with marginal or incorrectly fitted slide stops. Bill Wilson himself has logged over 10,000 rounds of various factory and reloaded 9mm ammunition to develop these magazines which are suitable for competition or tactical use. Fits full size 9mm 1911 10 round capacity with numbered tube Easy to load and seat with the slide in battery Positive slide lock when empty Superb feeding with a wide range of ammunition types Steel follower for flawless slide lock-even with marginal pistols The Stainless Steel ETM has the Strongest Magazine Tube Yet Developed, Virtually Eliminating Feed Lip Cracking, Tube Spread and Cracking and General Fatigue Proprietary Multi-Step Tumbling and Finishing Process Provides Smooth Follower Operation and Insertion into the Weapon Observation Slots Moved to the Rear of the Tube, Located Exactly Where They Need to be to Maintain the Structural Integrity Removable Base Pad for Easy Maintenance and Versatility with Different Base Pad Options

Note: Some Kimber 1911 handguns have barrel feed ramps that are left undressed at the factory and will interfere with the ramped front of this magazine. The barrel can be easily modified by a gunsmith to provide the proper clearance required.

# Consumer Safety Instruction Guide for 1911 10ROUND ELITE TACTICAL MAGAZINES WILSON COMBAT ETM 9MM 1911 MAGAZINE GEN 2

## Introduction

Thank you for choosing the Wilson Combat ETM 9mm 1911 Magazine. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the magazine to familiarize yourself with the safety precautions and operational instructions.

## General Safety Guidelines

- Ensure that you are of legal age to purchase and use firearms and related accessories in your country or region.
- Always treat all firearms as if they are loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Inspect the magazine before each use for any signs of damage or wear.
- Only use the magazine with compatible firearms as specified by the manufacturer.
- Follow all local laws and regulations regarding the use and ownership of firearms and magazines.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the magazine's capacity of 10 rounds.
- Ensure that the magazine is properly seated in the firearm before use.
- Avoid using damaged or worn ammunition, as this may lead to malfunctions.
- Be cautious when loading ammunition into the magazine; avoid forcing rounds into the magazine.
- Always keep the firearm pointed in a safe direction during loading and unloading.
- Do not attempt to modify the magazine in any way, as this may compromise its safety and functionality.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Hold the magazine with the numbered tube facing up.
- Gently press down on the follower with your thumb to create space for the first round.
- Insert the first round into the magazine, ensuring it is seated correctly.
- Repeat the process for additional rounds until the magazine is fully loaded (maximum of 10 rounds).
- Ensure that the rounds are aligned properly within the magazine.

### 2. Inserting the Magazine into the Firearm:

- Ensure that the firearm is pointed in a safe direction and that the chamber is clear.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until it locks into place with an audible click.

### 3. Removing the Magazine:

- Ensure that the firearm is pointed in a safe direction.
- Press the magazine release button to disengage the magazine.

- Gently pull the magazine out of the firearm.

#### **4. Slide Lockback:**

- The magazine is designed to engage the slide lock feature when empty. Ensure that the slide lock is operational by testing it after firing the last round.

## **Disposal Instructions**

- Dispose of any damaged or worn magazines responsibly in accordance with local regulations.
- Do not throw magazines in regular trash; instead, contact local recycling centers or hazardous waste disposal facilities for guidance.
- If the magazine is no longer usable, consider destroying it to prevent unauthorized use.

## **Contact Information for Further Support**

For any safety inquiries or product support, please refer to the manufacturer's website or contact their customer service directly.

By following these safety instructions and guidelines, you can ensure a safer and more enjoyable experience with your Wilson Combat ETM 9mm 1911 Magazine. Always prioritize safety and responsible handling of firearms and accessories.
