Ultra-Reliable, Extra-Capacity & Smooth Feeding Of All The Rounds - Wilson Combat applied 30 years of experience building high-performance 1911 magazines to develop this ultra-reliable magazine for combat, competition, or self-defense. Made with state-of-the-art materials using the latest manufacturing technology, these single-stack magazines are built tough to keep running in unforgiving, real-world conditions. The body formed from extra-thick stainless steel, with the radius of each curve engineered to minimize stress points, virtually eliminates feed lip cracking and stress fatigue. Even the position of the witness slots toward the rear is designed to enhance structural integrity. A proprietary welding, deburring, and polishing process provides an unusually strong, super-smooth seam to ensure snag-free follower movement and easy insertion in the mag well. The non-tilt follower of self-lubricating polymer fully supports the ammo stack to prevent nose-dives, double feeds, and other hang-ups. The mag body design puts less tension on the spring than standard magazines, increasing spring life and making it easy to seat a fully loaded magazine with the slide closed. Numbers 1 through 10 stamped on the bottom help you mark each of your magazines to track usage and performance.

Introduction

Thank you for choosing the 1911 COMPACT ELITE TACTICAL MAGAZINE 9MM by Wilson Combat. This guide provides essential safety instructions and guidelines to ensure the safe use of your magazine. Please read this document carefully before use.

General Safety Guidelines

- Ensure that all safety practices are followed during the handling and use of the magazine.
- Always treat the magazine as if it is loaded, even if you believe it is empty.
- Store the magazine in a secure location, out of reach of children or unauthorized users.
- Regularly inspect the magazine for signs of wear, damage, or corrosion.
- Use only compatible ammunition as specified in the product description (9 mm Luger).
- Follow all local laws and regulations regarding the use and storage of firearms and magazines.

Specific Safety Precautions for Use

- Do not exceed the magazine's capacity of 8 rounds.
- Avoid using damaged or defective magazines, as they may cause malfunctions.
- Never attempt to modify the magazine in any way.
- Do not expose the magazine to extreme temperatures or harsh chemicals.
- Always ensure that the firearm is pointed in a safe direction when loading or unloading the magazine.
- Be aware of your surroundings and ensure that the area is clear of people when handling the magazine.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure that the firearm is pointed in a safe direction.
- Hold the magazine firmly in one hand.
- With the other hand, insert rounds into the magazine, ensuring that they are oriented correctly.
- Push each round down until it is securely in place.

2. Inserting the Magazine into the Firearm:

- Ensure that the firearm is in a safe condition (e.g., safety on, slide locked back).
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the magazine well until it clicks into place.

3. Removing the Magazine:

- Ensure that the firearm is pointed in a safe direction.
- Press the magazine release button to disengage the magazine.
- Pull the magazine out of the magazine well.

4. Cleaning and Maintenance:

- Regularly clean the magazine to ensure optimal performance.
- Use a soft cloth to wipe down the exterior.
- Inspect the follower and spring for any signs of wear or damage.

- Store the magazine in a dry place when not in use.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer functional, do not attempt to repair it.
- Contact local waste management services for guidance on proper disposal methods.
