

# **VICKERS ELITE BATTLESIGHT FOR M&P® - WILSON COMBAT**

## **VICKERS ELITE BATTLESIGHT FOR S&W M&P, TRITIUM**

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

The high-profile Vickers Elite Battlesight for the Smith & Wesson M&P® has a .145" wide, deep U-Notch for optimum sighting in low-light, dynamic range conditions and is a perfect match to our .125" wide front sights. The concave, non-reflective rear blade is serrated 40 lines per inch, while the notch area is recessed into a semi-circular pocket for a crisp, protected sight picture. A hardened set-screw ensures this sight will never shoot loose under the most demanding conditions. This snag-free rear sight also has a shelf shape that enables one-hand slide cycling or malfunction clearance and a rugged, non-reflective matte black parkerized finish. NOTE: Sights may require minor fitting and may not be returned after installation. The Vickers Elite Smith & Wesson M&P® Sight set requires the use of a .165" tall front sight for all barrel lengths/calibers (9mm, .40, .357, 45 ACP) except for Smith & Wesson M&P® PRO/longslide versions that use the .180" height. Because of factory variances, sights may require minor fitting and may not be returned after installation. Not compatible with the S&W Shield® pistol. Wilson Combat Vickers S&W M&P rear sights are not compatible with factory M&P Pro C.O.R.E (Competition Optics Ready Equipment) slide models due to the rearward relocation of the sight dovetail position.

### **Attributes**

- Name: [WILSON COMBAT VICKERS ELITE BATTLESIGHT FOR S&W M&P, TRITIUM](#)
- Manufacturer: [WILSON COMBAT](#)
- Product no.: 965000262

# Vickers Elite Battlesight for S&W M&P® Safety Instructions

## Introduction

Thank you for choosing the Vickers Elite Battlesight for your Smith & Wesson M&P® firearm. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully and follow all safety precautions.

## General Safety Guidelines

- Ensure safe use of the Vickers Elite Battlesight by following all instructions.
- Be aware of potential hazards associated with firearm accessories.
- Always treat firearms as if they are loaded and handle them with care.
- Keep the product out of reach of children and unauthorized individuals.
- Regularly inspect the sight for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installation or adjustment of the sight.
- Avoid using the sight in conditions where visibility is severely compromised.
- Do not attempt to modify the sight or its installation beyond the provided instructions.
- Ensure the sight is securely installed before use to prevent it from loosening during operation.
- Use appropriate protective eyewear when handling firearms.
- Be cautious of the sight's height compatibility with your specific M&P® model.

## Instructions for Installation and Usage

### Installation

1. **Unloading the Firearm:** Ensure that the firearm is completely unloaded. Remove the magazine and check the chamber.
2. **Prepare the Sight:** Remove the Vickers Elite Battlesight from its packaging. Inspect the sight for any visible defects.
3. **Remove the Existing Sight:** If applicable, carefully remove the existing rear sight from the firearm using appropriate tools.
4. **Install the Vickers Elite Battlesight:**
  - Align the sight with the dovetail on the firearm.
  - Use a hammer and a sight pusher or appropriate tool to gently tap the sight into place, ensuring it is securely fitted.
  - Ensure that the sight is level and properly aligned with the front sight.
5. **Secure the Sight:** Use the hardened setscrew provided to secure the sight in place. Tighten it to ensure it does not loosen during use.
6. **Final Check:** Inspect the installation for any movement or misalignment before use.

### Usage

- Use the Vickers Elite Battlesight in conjunction with a compatible front sight (.165" tall for all barrel lengths/calibers except for M&P® PRO/longslide versions).
- Practice aiming and adjusting your sight picture in a safe and controlled environment.
- Regularly check the sight's alignment and tightness before each use to ensure optimal performance.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic and firearm accessories.
- Do not dispose of the sight in regular household waste.
- Consider recycling options for materials where applicable.

## **Contact Information for Further Support**

For any inquiries or support related to the Vickers Elite Battlesight, please refer to the manufacturer's contact details provided with your product packaging.

By following these safety instructions, you can ensure the safe and effective use of your Vickers Elite Battlesight for your Smith & Wesson M&P®. Always prioritize safety and responsible handling of your firearm and accessories. Thank you for your attention to these important guidelines.
