# Safety Instruction Guide for L.E. Wilson Plastic Die Storage Case

## Introduction

Thank you for choosing the L.E. Wilson Plastic Die Storage Case. This product is designed to keep your reloading dies organized and protected. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure that the storage case is used for its intended purpose only.
- Keep the storage case out of reach of children and vulnerable individuals.
- Regularly inspect the case for any signs of damage or wear. Do not use a damaged case.
- Store the case in a cool, dry place away from direct sunlight to prevent material degradation.
- If you notice any unusual odors or changes in the material, discontinue use immediately.

## Specific Safety Precautions for Use

- Always ensure that the dies are securely placed in the storage case before moving it.
- Avoid overloading the storage case with more than 2 reloading dies and 1 case gauge.
- Do not expose the storage case to extreme temperatures or harsh chemicals, as this may compromise its integrity.
- Handle the storage case with care to prevent dropping or impact damage.
- If you are transporting the storage case, make sure it is securely closed to prevent accidental opening.

## Instructions for Installation and Usage

1. **Opening the Case:** Open the storage case by unclipping the latches on both sides. Ensure that the latches are fully disengaged before lifting the lid.
2. **Placing the Dies:**
  - Place your reloading dies in the designated compartments of the case.
  - Ensure that each die is seated firmly in its compartment to prevent movement during storage.
3. **Adding the Case Gauge:**
  - Place the L.E. Wilson case gauge in the designated area of the storage case.
  - Ensure it fits snugly and is secure.
4. **Closing the Case:**
  - Once all items are placed inside, close the lid of the storage case.
  - Firmly press down on the lid and engage the latches on both sides to secure the case.
5. **Storage:** Store the case in a safe location, away from moisture and extreme temperatures.

## Disposal Instructions

- When the storage case reaches the end of its life, dispose of it responsibly.
- Check local regulations for proper disposal methods for plastic materials.
- If possible, recycle the case according to local recycling programs.

## Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer's customer support or refer to the product packaging for additional guidance.

By following these safety instructions, you can ensure the safe use and longevity of your L.E. Wilson Plastic Die

Storage Case. Thank you for your attention to these important safety guidelines.
