

WCP320 EXTENDED SLIDE STOP - WILSON COMBAT WCP320 EXTENDED SLIDE STOP, BLACK

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

This unique part, designed by Wilson Combat engineers replaces the small and hard to reach factory P320 lo-profile slide catch levers. Stamped from high quality ordnance steel, the deeply grooved and extended Wilson Combat SIG P320 extended slide release is uniquely shaped to improve your reloads under stress without interfering with your grip. This part is precision stamped of ordnance steel and has a black nitride finish. It uses the factory installed slide release spring and post. Features: Compatible with all Generation of P320 models and variants in 9/357/40 calibers only Stamped from ordnance grade steel Black nitride finish Drop in fit

WCP320 Extended Slide Stop Safety Instruction Guide

Introduction

Thank you for choosing the WCP320 Extended Slide Stop by Wilson Combat. This product is designed to enhance the performance of your SIG P320 firearm. It is crucial to follow the safety guidelines and instructions provided in this manual to ensure safe and effective use.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the WCP320 Extended Slide Stop is installed correctly before use.
- Regularly inspect your firearm and its components for any signs of wear or damage.
- Store your firearm and its components in a secure location, away from children and unauthorized users.
- Be aware of your surroundings and ensure that you have a clear understanding of your target and what lies beyond it.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for updates regarding product recalls on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This product is compatible with all generations of P320 models and variants in 9/357/40 calibers only.
- Do not attempt to modify the WCP320 Extended Slide Stop in any way, as this may compromise safety and performance.
- Ensure that the firearm is unloaded before attempting to install or replace any components.
- Use protective eyewear when handling or working with firearms to prevent injury.
- If you experience any malfunction, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded. Remove the magazine and visually inspect the chamber.
- Gather necessary tools: a punch tool and a small hammer.

2. Installation:

- Remove the factory-installed slide release spring and post from your P320.
- Align the WCP320 Extended Slide Stop with the slide release spring and post.
- Gently tap the slide stop into place using the punch tool and hammer. Ensure it is securely fitted without excessive force.
- Confirm that the slide stop operates smoothly and does not interfere with the grip.

3. Usage:

- Practice using the extended slide stop in a safe environment, such as a shooting range.
- Familiarize yourself with its operation under stress to improve your reload efficiency.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the WCP320 Extended Slide Stop is damaged or no longer usable, follow local guidelines for the disposal of metal components.

Contact Information for Further Support

For any inquiries regarding the WCP320 Extended Slide Stop, including safety questions or installation assistance, please contact the manufacturer or a qualified professional. Ensure that you provide the necessary details regarding your product and any issues you may be experiencing.

By following these guidelines and instructions, you can ensure the safe and effective use of the WCP320 Extended Slide Stop. Always prioritize safety and responsibility when handling firearms.
