# 1911 "FACTORY PLUS" Grip Screws Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 "FACTORY PLUS" Grip Screws. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide thoroughly before installation and usage.

## General Safety Guidelines

- Ensure that all tools and equipment used for installation are in good condition and suitable for the task.
- Always follow the manufacturer's instructions when using this product.
- Keep the product and tools out of reach of children to prevent accidental injury.
- Inspect the product for any signs of damage or wear before installation.
- If you encounter any issues during installation or usage, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

- Only use the grip screws with compatible 1911 Auto models: Government, Commander, and Officers.
- Do not overtighten the grip screws, as this may damage the firearm or the screws themselves.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.
- Wear safety goggles to protect your eyes from any debris that may occur during installation.
- If you are not familiar with firearm maintenance, consider seeking assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a screwdriver suitable for slotted head screws.
- Ensure the firearm is unloaded and in a safe working environment.

### 2. Installation Steps

- Remove the existing grip screws from the firearm using the screwdriver.
- Align the new grip screws with the grip panels and the frame of the firearm.
- Insert the grip screws into the designated holes and handtighten them.
- Using the screwdriver, tighten the screws securely but avoid overtightening.

### 3. PostInstallation Check

- After installation, ensure that the grip panels are securely fastened.
- Perform a function check of the firearm to ensure it operates correctly.

### 4. Usage

- Regularly inspect the grip screws for any signs of loosening or wear.
- If any issues are detected, remove the screws and inspect for damage before reinstallation.

## Disposal Instructions

- Dispose of any damaged or unusable grip screws in accordance with local regulations.
- Do not dispose of them in regular household waste. Instead, consider recycling options or designated

hazardous waste disposal sites.

## **Contact Information for Further Support**

For any inquiries regarding safety concerns or product information, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using the 1911 "FACTORY PLUS" Grip Screws. Your adherence to these guidelines ensures a safer experience for you and others.
