# Safety Instruction Guide for 1911 "FACTORY PLUS" SEAR

## Introduction

Congratulations on your purchase of the 1911 "FACTORY PLUS" SEAR. This safety instruction guide provides essential information for the safe use, installation, and disposal of your product. It is important to read and understand these guidelines to ensure your safety and compliance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all installations and modifications are performed by qualified personnel.
- Always handle firearms with care and respect; treat every firearm as if it is loaded.
- Store the SEAR and any related parts in a secure location away from children and unauthorized users.
- Regularly inspect the SEAR for wear or damage before use. Do not use if any defects are found.
- Follow all local laws and regulations regarding firearms and parts.

## Specific Safety Precautions for Use

- Only use this SEAR with compatible models of the 1911 Auto: Government, Commander, and Officers.
- Do not attempt to modify or alter the SEAR in any way that is not specified by the manufacturer.
- Use appropriate protective gear, such as safety glasses and gloves, when handling and installing the SEAR.
- Ensure that the firearm is unloaded before beginning any installation or adjustment procedures.
- Be aware of potential hazards associated with the handling and use of firearms, including accidental discharge.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials for the installation.
- Ensure your working area is clean, welllit, and free from distractions.

### 2. Installation Steps

- Verify that you have the correct SEAR for your specific 1911 model.
- Unload the firearm completely and remove the magazine.
- Disassemble the firearm according to the manufacturer's instructions.
- Remove the existing SEAR from the firearm.
- Install the 1911 "FACTORY PLUS" SEAR by following the reverse steps of removal. Ensure it fits securely.
- Reassemble the firearm carefully, ensuring all parts are correctly aligned and secured.

### 3. PostInstallation

- Conduct a function test of the firearm in a safe environment to ensure proper operation.
- Regularly check the SEAR and other components for wear and proper function.

## Disposal Instructions

- Dispose of any defective or unused parts in accordance with local regulations regarding hazardous materials.
- If you are unsure how to dispose of the SEAR or any related components, contact your local waste management authority for guidance.

## Contact Information for Further Support

For any inquiries regarding the 1911 "FACTORY PLUS" SEAR, please refer to the manufacturer's contact information provided with your product packaging.

## Conclusion

By following these safety guidelines and instructions, you can ensure safe handling and operation of your 1911 "FACTORY PLUS" SEAR. Remember to stay informed about any recalls or safety alerts related to your product through the EU's Safety Gate platform. Your safety is our priority.
