

1911 SHOK-BUFF RECOIL SYSTEM - WILSON COMBAT RECOIL SYSTEM-COMMANDER-.45 ACP

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

Improves Accuracy, Functioning; Eliminates Frame Cracking From Recoil

Easy-to-install kit instantly improves cycling, reliability and accuracy without modifying the frame or the slide. Exclusive, injection-molded, polyfiber buffers slip onto the guide rod between the head and spring and keep the slide from hitting the frame. Prevents expensive frame damage and softens the felt recoil of high power competition loads. Full-length guide rod keeps the recoil spring straight for smoother functioning and longer spring life. Together they provide consistent barrel lockup and increased accuracy.

Attributes

- Name: [WILSON COMBAT RECOIL SYSTEM-COMMANDER-.45 ACP](#)

1911 SHOKBUFF RECOIL SYSTEM Safety Instructions

Introduction

Thank you for choosing the 1911 SHOKBUFF RECOIL SYSTEM manufactured by Wilson Combat. This product is designed to enhance the performance of your firearm by improving cycling, reliability, and accuracy. Please read and follow these safety instructions carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only as intended and according to the manufacturer's instructions.
- Always handle firearms with care and respect, following all safety protocols.
- Keep this product out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the recoil system and replace components as necessary.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the recoil system with firearms that are not compatible.
- Ensure the firearm is unloaded before installing or handling the recoil system.
- Avoid using the recoil system with ammunition that exceeds the recommended specifications.
- Always wear appropriate safety gear, including eye protection, when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and components included in the kit.

2. Installation

- Remove the existing guide rod and recoil spring from your firearm.
- Insert the new fulllength guide rod into the firearm.
- Place the ShokBuff washers onto the guide rod between the head and the recoil spring.
- Install the light or heavy recoil spring as desired.
- Ensure that all components are securely in place and functioning correctly.

3. Usage

- After installation, perform a function check to ensure proper operation.
- Use the firearm in accordance with all safety regulations and guidelines.
- Monitor the performance of the recoil system during use and make adjustments if necessary.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the recoil system in regular household waste.

- Contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 SHOKBUFF RECOIL SYSTEM, please reach out to the manufacturer or authorized dealer for assistance. Always ensure that you have the latest information and support regarding your product.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
