

1911 BEAVERTAIL GRIP SAFETY - WILSON COMBAT STAINLESS SAFETY

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

Two Styles, Both With Competition Proven Design That Ends Hammer Bite

Wide grip safety spreads recoil out over a larger area of the hand for increased comfort. Standard Model beavertails feature a flared "tail" that quickly guides hand into position and totally eliminates hammer bite on the web between the thumb and finger. High Grip Model has an upswept "tail" that pushes the wrist into a straight position for faster sight pickup and recovery, and a raised pad for positive palm contact. Requires contouring frame and fitting to the trigger stirrup.

Attributes

- Name: [WILSON COMBAT STAINLESS SAFETY](#)

1911 Beavertail Grip Safety Wilson Combat Stainless Safety Manual

Introduction

Thank you for choosing the 1911 Beavertail Grip Safety from Wilson Combat. This product is designed to enhance the safety and comfort of your firearm. Please read this manual carefully to ensure safe and effective use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Store your firearm in a secure location, out of reach of children and unauthorized users.
- Use only the specified ammunition for your firearm.
- Regularly inspect your firearm for any signs of wear or damage.
- Familiarize yourself with the operation of your firearm and its safety features.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed of any recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure you have a firm grip on the firearm when in use to prevent slipping.
- Always keep your finger off the trigger until you are ready to shoot.
- Do not attempt to modify the grip safety without proper knowledge and tools.
- Be aware of your surroundings when handling your firearm.
- If you experience any discomfort or difficulty while using the grip safety, discontinue use and consult a professional.

Instructions for Installation and Usage

1. Installation

- Ensure your firearm is unloaded before starting the installation process.
- Remove the existing grip safety by following the manufacturer's instructions.
- Fit the new beavertail grip safety to the firearm frame. Note that contouring of the frame and fitting to the trigger stirrup is required.
- Ensure the grip safety is securely attached and functions correctly before use.

2. Usage

- Grip the firearm firmly, ensuring that your hand is positioned correctly against the beavertail.
- The flared "tail" design should guide your hand into the proper position, preventing hammer bite.
- For the High Grip Model, ensure that the wrist is in a straight position for optimal sight pickup and recovery.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for firearm accessories.

Contact Information for Further Support

For any inquiries or concerns regarding the 1911 Beavertail Grip Safety, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety guidelines. Enjoy your enhanced shooting experience with the 1911 Beavertail Grip Safety from Wilson Combat.
