# Safety Instruction Guide for 1911 Exotic Wood Grips by Wilson Combat

## Introduction

Thank you for choosing the 1911 Exotic Wood Grips made from Cocobolo wood by Wilson Combat. This product is designed to enhance your firearm's aesthetics and functionality. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before handling or installing the grips.
- Keep the grips out of reach of children and vulnerable individuals.
- Inspect the grips regularly for any signs of wear or damage.
- Do not modify the grips in any way that could compromise their integrity or safety.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- The grips are designed for use with 1911 models only. Ensure compatibility with your specific model (Government or Commander).
- Use caution when installing the grips to avoid injury from sharp edges or tools.
- Ensure that your firearm is equipped with an ambidextrous safety mechanism if you intend to utilize this feature of the grips.
- Avoid exposing the grips to extreme temperatures or moisture, as this may affect the wood's integrity.

## Instructions for Installation and Usage

### 1. Preparation

- Gather necessary tools: a screwdriver or grip tool suitable for your firearm model.
- Ensure your firearm is unloaded and pointed in a safe direction at all times.

### 2. Removing Old Grips

- Carefully unscrew the existing grips from the firearm using the appropriate tool.
- Remove the old grips and set them aside.

### 3. Installing New Grips

- Position the new Cocobolo grips onto the firearm frame, aligning them with the screw holes.
- Secure the grips by tightening the screws gently but firmly. Do not overtighten, as this may damage the wood.

### 4. Final Check

- Inspect the installation to ensure that the grips are secure and properly aligned.
- Test the ambidextrous safety to confirm functionality.

### 5. Usage

- Familiarize yourself with the new grips by practicing safe handling and operation of your firearm.
- Regularly check the grips for tightness and any signs of wear.

## **Disposal Instructions**

- Dispose of any old grips or packaging in accordance with local waste disposal regulations.
- If the grips become damaged beyond use, consider recycling the wood if possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on proper handling and maintenance of your firearm and its accessories.
