

# LONG SLIDE FUNCTION PAK

[Handgun Parts](#) > [Action Parts](#) > [Spring Kits](#)

Like all Wolff springs, these for the 1911 Auto in .45, .38 Super or 9mm are the finest, most reliable, longest lasting ones available. The springs of choice for most of the nation's top builders. Except where noted, all recoil springs are supplied with an extra power firing pin spring that keeps the firing pin stop in place and prevents firing pin float ; an addition recommended by pistolsmith Bill Wilson. Consists of 5 recoil springs #1 through #5, plus 3 extra power firing pin springs. Wolff does not specify a power rating, #1 is strongest, #5 the lightest. Fitting required.

# LONG SLIDE FUNCTION PAK Safety Instruction Guide

## Introduction

Thank you for choosing the LONG SLIDE FUNCTION PAK by WOLFF. This product is designed to enhance the performance of your 1911 Auto in .45, .38 Super, or 9mm. To ensure safe and effective use, please read this safety instruction guide carefully. It provides important information regarding safety, installation, usage, and disposal.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing any components.
- Use only the specified recoil springs and firing pin springs included in this kit.
- Regularly inspect the springs for wear and replace them if any damage is evident.
- Keep the product out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use and modification of firearms.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your 1911 Auto before installing the LONG SLIDE FUNCTION PAK.
- Always wear appropriate eye protection when working with firearms.
- Do not attempt to modify or alter the springs beyond their intended use.
- Be cautious of the potential for the springs to launch unexpectedly during installation or removal.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a punch tool and a hammer.
- Ensure that your work area is clean and welllit.

### 2. Removal of Old Springs:

- Unload your firearm completely.
- Disassemble the firearm according to the manufacturer's guidelines.
- Carefully remove the old recoil springs and firing pin spring.

### 3. Installation of New Springs:

- Select the appropriate recoil spring from the kit (#1 through #5).
- Install the new recoil spring by placing it into the designated area of the firearm.
- Install the extra power firing pin spring to secure the firing pin stop in place.
- Ensure that all components are seated properly and that there is no interference with other parts.

### 4. Reassembly:

- Reassemble the firearm according to the manufacturer's guidelines.
- Conduct a function check to ensure that the firearm operates correctly.

### 5. Testing:

- Test the firearm in a controlled and safe environment to ensure proper function.
- Monitor the performance of the new springs and check for any issues during use.

## Disposal Instructions

- Dispose of old springs and any other components in accordance with local regulations.
- Do not dispose of springs in a manner that could pose a risk to the environment or public safety.
- Consider recycling metal components where possible.

## Contact Information for Further Support

For any inquiries regarding safety or product performance, please reach out to the designated EU contact point for this product. Ensure that you have the product details available for reference.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your LONG SLIDE FUNCTION PAK. Thank you for prioritizing safety and compliance with EU General Product Safety Regulation.
