S&W Reduced Power Rebound Spring 11 lb. Model 1, Refill Pak Safety Instruction Guide

Introduction

Thank you for choosing the S&W Reduced Power Rebound Spring 11 lb. Model 1, Refill Pak. This product is designed to enhance the performance of your Smith & Wesson revolver by allowing precise tuning of trigger pulls. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle firearms safely and responsibly, following all relevant laws and regulations.
- Store the springs in a safe location, out of reach of children and unauthorized users.
- Regularly inspect the springs for wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only the specified weight springs for your particular model of Smith & Wesson revolver.
- Avoid using springs that show signs of damage, such as bending or breakage.
- Do not attempt to modify or alter the springs in any way.
- Ensure that your firearm is unloaded before installing or replacing any springs.
- Always wear appropriate safety gear, such as safety glasses, when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation, such as screwdrivers or pliers, if required.

2. Installation:

- Remove the grip or cover of the revolver as per the manufacturer's instructions.
- Carefully remove the existing rebound spring, taking note of its position and orientation.
- Select the appropriate weight spring from the refill pak.
- Install the new spring in the same position and orientation as the original.
- Reassemble the grip or cover of the revolver.

3. Testing:

- After installation, perform a function check to ensure the trigger operates smoothly.
- Test the trigger pull in a safe environment to confirm the desired weight and feel.

4. Regular Maintenance:

- Periodically check the springs for signs of wear or damage.
- Replace any springs that do not meet safety standards.

Disposal Instructions

- Dispose of any damaged or worn springs in accordance with local regulations.
- Do not dispose of springs in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the S&W Reduced Power Rebound Spring 11 lb. Model 1, Refill Pak, please contact the manufacturer or refer to the product packaging for additional support resources.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Smith & Wesson revolver. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
