

# SIG SAUER EXTRA POWER MAGAZINE SPRINGS - WOLFF +10% POWER SPRING, 3-PAK FITS SIG HI-CAP P226, P228, P229

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Springs](#)

## Better Feeding For Your Semi-Auto

Increased pressure stabilizes the follower and improves feeding, especially on high-capacity magazines. SIG P220 provides 10% more power in your older .45 ACP Sig P220 and is the factory standard spring in newer P220s with a green recoil spring. Also fits the Browning BDA .45 ACP. Separate models available for magazines with a metal floorplate (MF) or a plastic floorplate (PF). Will not fit 8-round magazines made by Mec-Gar.

+10% Power Spring, 3-pak fits Sig Hi-Cap P226, P228, P229

# SIG SAUER EXTRA POWER MAGAZINE SPRINGS WOLFF +10% POWER SPRING, 3PAK

## Introduction

Thank you for choosing the SIG SAUER EXTRA POWER MAGAZINE SPRINGS WOLFF +10% POWER SPRING, 3PAK. This product is designed to enhance the performance of your SIG HiCap P226, P228, and P229 magazines. To ensure safe usage and optimal performance, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and magazine before using this product.
- Always handle firearms with care and follow established safety protocols.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the magazine springs for wear and tear to prevent malfunction.
- In case of any malfunction or unexpected behavior, discontinue use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Do not use these magazine springs with MegGar Sig 220 magazines; they are incompatible.
- Only use these springs with the specified models: Sig HiCap P226, P228, and P229.
- Ensure that the magazine is empty before attempting to install or replace the springs.
- Wear safety glasses when handling and installing the springs to protect your eyes from potential hazards.
- Avoid exposing the springs to extreme temperatures or moisture, which can affect their performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and the magazine is removed.
- Gather necessary tools, including a flathead screwdriver and a clean workspace.

### 2. Installation:

- Open the magazine by removing the base plate. Use a flathead screwdriver if necessary.
- Carefully remove the old spring from the magazine.
- Take the new Wolff +10% power spring from the package. Ensure it is not damaged.
- Insert the new spring into the magazine, ensuring it is seated properly.
- Reattach the base plate securely to the magazine.

### 3. Usage:

- Load the magazine with ammunition according to the manufacturer's instructions.
- Test the magazine by cycling the action of your firearm to ensure proper feeding.
- Regularly check the magazine performance and inspect the springs for any signs of wear.

## Disposal Instructions

- Dispose of any old or damaged springs in accordance with local regulations for metal waste.
- Do not throw springs in regular trash; instead, find a recycling facility that accepts metal components.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the product, please refer to the manufacturer's contact details provided with your purchase. It is important to have access to support for safetyrelated questions or issues.

## **Conclusion**

By following the guidelines and instructions outlined in this document, you will ensure safe and effective use of the SIG SAUER EXTRA POWER MAGAZINE SPRINGS WOLFF +10% POWER SPRING, 3PAK. Always prioritize safety and seek professional assistance if you have any doubts about installation or usage. Thank you for your attention to these important safety instructions.
