

REDUCED POWER HAMMER SPRINGS - WOLFF 18LB. REDUCED POWER HAMMER SPRING

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammer Springs](#)

For A Smooth Action, Fast Follow-Up Shots, Helps Improve Accuracy

Give your New Single Six®, New Blackhawk®, Super Blackhawk®, Maximum Blackhawk®, Bisley™, Large Frame Vaquero® and Bisley Vaquero a lighter cocking pull and ultra-smooth trigger with these easy-to-install, high-grade replacements for the factory springs. No time-consuming honing, filing, and other reworking of parts. These precision action springs are carefully manufactured for easy fitting to your revolver with only minor disassembly. Substantially lighter than factory, standard 23-lb. springs for easier cocking and faster follow-up shots.

Safety Instruction Guide for REDUCED POWER HAMMER SPRINGS WOLFF 18LB

Introduction

Thank you for choosing the REDUCED POWER HAMMER SPRINGS WOLFF 18LB. These highgrade replacement springs are designed to provide a lighter cocking pull and ultrasmooth trigger for your Ruger firearms. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this product.
- Always handle firearms with care and follow the basic rules of firearm safety.
- This product is designed for use with specific Ruger models. Ensure compatibility before installation.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe product incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation or use may lead to malfunction or injury.
- **Avoiding Hazards:**
 - Always ensure the firearm is unloaded before performing any maintenance or installation.
 - Use only the specified models for this spring to avoid compatibility issues.
 - Do not attempt to modify the spring or firearm in any way that is not recommended by the manufacturer.
 - If you experience any issues with the spring, stop using it immediately and consult a professional.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure your firearm is completely unloaded and pointed in a safe direction.
 2. Carefully disassemble your firearm according to the manufacturer's instructions.
 3. Remove the factory hammer spring from your revolver.
 4. Install the REDUCED POWER HAMMER SPRING by following these steps:
 - Align the new spring in the same position as the removed factory spring.
 - Ensure it is seated properly to avoid misalignment.
 5. Reassemble your firearm according to the manufacturer's instructions.
 6. Conduct a function check to ensure proper operation.
- **Usage:**
 - Once installed, use your firearm as per the manufacturer's guidelines.
 - Regularly inspect the spring for any signs of wear or damage.
 - If you notice any irregularities during use, consult a professional gunsmith.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the spring in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

- For any questions or concerns regarding the REDUCED POWER HAMMER SPRINGS WOLFF 18LB, please refer to the manufacturer's website or customer support resources.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearm are paramount. Always prioritize safety when handling firearms and related components.
