EXTRA POWER STRIKER SPRING for GLOCK®

Safety Instruction Guide

Introduction

Thank you for choosing the EXTRA POWER STRIKER SPRING for GLOCK® by WOLFF. This product is designed to enhance the performance of your Glock® handgun by replacing the factory striker spring. It is essential to follow the safety guidelines and instructions provided in this guide to ensure safe and effective use.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before performing any maintenance or installation.
- Keep the product out of reach of children and unauthorized users.
- Be aware of local laws and regulations regarding firearm modifications.
- Regularly inspect the product for wear and tear, and replace it if necessary.
- Use only the recommended components and accessories with this product.
- If you experience any issues during installation or use, stop immediately and seek assistance.

Specific Safety Precautions for Use

- This striker spring is rated at 6 lbs. Do not use it with reduced power recoil springs, as this may lead to malfunction or unsafe conditions.
- Only install this product on GLOCK® models for which it is designed. It is compatible with all GLOCK® handguns.
- Ensure that the firearm is in good working condition before installation.
- Follow the manufacturer's recommendations for the use of the product, especially when using it in conjunction with other components such as the Ghost Rocket 3.5 Connector.
- If you are not familiar with firearm maintenance, consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation, including a punch tool and a small hammer.

2. Removal of the Factory Striker Spring

- Disassemble the Glock® according to the manufacturer's instructions.
- Locate the striker assembly and carefully remove the factory striker spring using the punch tool.
- Take care not to damage any other components during this process.

3. Installation of the EXTRA POWER STRIKER SPRING

- Place the new EXTRA POWER STRIKER SPRING into the striker assembly.
- Ensure that it is seated properly and securely.
- Reassemble the firearm according to the manufacturer's instructions.

4. Testing the Firearm

- After installation, perform a function check to ensure that the firearm operates correctly.
- Test the ignition reliability with dummy rounds before using live ammunition.

5. Regular Maintenance

- Periodically inspect the striker spring for any signs of wear or damage.
- Replace the spring if any issues are detected.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact an authorized dealer.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearm are our top priorities.
