

EXTRA POWER FUNCTION PAK

[Handgun Parts](#) > [Action Parts](#) > [Spring Kits](#)

Like all Wolff springs, these for the 1911 Auto in .45, .38 Super or 9mm are the finest, most reliable, longest lasting ones available. The springs of choice for most of the nation's top builders. Except where noted, all recoil springs are supplied with an extra power firing pin spring that keeps the firing pin stop in place and prevents firing pin float ; an addition recommended by pistolsmith Bill Wilson. Consists of 5 recoil springs: 16 lb. factory standard, 18½ lb., 20 lb., 22 lb. and 24 lb., plus 3 extra power firing pin retraction springs.

EXTRA POWER FUNCTION PAK Safety Instruction Guide

Introduction

Thank you for choosing the EXTRA POWER FUNCTION PAK. This product is designed to enhance the performance of your 1911 Auto in .45, .38 Super, or 9mm. It includes highquality recoil springs and firing pin retraction springs. To ensure your safety and the safe use of this product, please read and follow the instructions and guidelines provided in this manual.

General Safety Guidelines

- Always handle firearms and firearm accessories with care.
- Ensure you are familiar with the specific operation of your firearm before using this product.
- Use only compatible firearms with the EXTRA POWER FUNCTION PAK.
- Regularly inspect all components for signs of wear or damage before use.
- Store all firearm accessories in a safe and secure location, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing any springs.
- Wear safety glasses when handling springs to protect your eyes from potential snapback.
- Keep hands clear of springloaded components during installation to avoid injury.
- Do not exceed the recommended spring weights for your specific firearm model.
- Be aware that improper installation can affect the performance and safety of your firearm.
- If you are not confident in your ability to install the springs, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a punch tool, hammer, and a clean workspace.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Removing the Old Springs

- Disassemble your firearm according to the manufacturer's instructions.
- Carefully remove the old recoil springs and firing pin springs.

3. Installing the New Springs

- Select the desired recoil spring weight from the EXTRA POWER FUNCTION PAK (16 lb., 18½ lb., 20 lb., 22 lb., 24 lb.).
- Install the new recoil spring by placing it in the appropriate slot.
- Install the extra power firing pin retraction springs as directed, ensuring they are seated properly.

4. Reassembling the Firearm

- Carefully reassemble your firearm, ensuring all components are correctly aligned.
- Perform a function check to ensure the firearm operates smoothly.

5. **Testing**

- Conduct initial testing in a controlled environment to ensure proper function.
- Monitor for any unusual behavior or performance issues.

Disposal Instructions

- Dispose of old springs and any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of springs in a manner that could pose a hazard to others, such as leaving them in public areas.

Contact Information for Further Support

For any questions or concerns regarding the EXTRA POWER FUNCTION PAK, please refer to the manufacturer's website or contact the designated EUbased support center for assistance.

Thank you for prioritizing safety while using the EXTRA POWER FUNCTION PAK. Your adherence to these guidelines helps ensure a safe and enjoyable experience with your firearm.
