# SIG SAUER RECOIL CALIBRATION PAK P220 SPRING PAK Safety Instructions

## Introduction

Thank you for choosing the SIG SAUER RECOIL CALIBRATION PAK P220 SPRING PAK. This product is designed to enhance the performance of your firearm by providing a variety of recoil springs. It is important to follow all safety guidelines to ensure safe and effective use. This guide contains essential information regarding the safe handling, installation, and disposal of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this product.
- Always treat firearms as if they are loaded.
- Store this product and all firearms in a secure location, out of reach of children and unauthorized users.
- Inspect the springs for damage before installation. Do not use damaged springs.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- If you are unsure about any aspect of this product or its installation, seek assistance from a qualified gunsmith.

## Specific Safety Precautions for Use

- Only use this recoil spring pack with compatible firearm models (P220, P225, P228, P229, P226).
- Do not mix springs from different packs; use only the springs provided in this pack.
- Ensure the firearm is unloaded before attempting to install or replace any components.
- Wear protective eyewear when handling or working on firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded and pointed in a safe direction.
- Gather the necessary tools, including a punch tool and a small hammer if needed.

### 2. Installation:

- Remove the slide from the frame of the firearm according to the manufacturer's instructions.
- Take out the old recoil spring and guide rod assembly.
- Select the appropriate recoil spring from the SIG SAUER RECOIL CALIBRATION PAK based on your needs (15 lb., 16 lb., 18 lb., or 20 lb. for P220; 17 lb., 19 lb., or 21 lb. for P225/228/229).
- Install the new recoil spring onto the guide rod, ensuring it is seated correctly.
- Reassemble the slide onto the frame, ensuring all components are properly aligned.

### 3. Testing:

- After installation, conduct a function check to ensure that the firearm operates correctly.
- If any issues arise during testing, consult a qualified gunsmith.

## Disposal Instructions

- Dispose of old or damaged springs responsibly. Do not discard them in regular trash.
- Check local regulations for proper disposal methods of metal components.

- Consider recycling the springs if possible.

## Contact Information for Further Support

For any questions or concerns regarding the SIG SAUER RECOIL CALIBRATION PAK P220 SPRING PAK, please contact the appropriate support channels as outlined in your product documentation. Always ensure you have the latest information regarding safety recalls or product updates.

By following these guidelines, you can ensure safe and effective use of your SIG SAUER RECOIL CALIBRATION PAK P220 SPRING PAK. Thank you for prioritizing safety and compliance with applicable regulations.
