REDUCED POWER STRIKER SPRING for GLOCK® STRIKER SPRING, 3PAK FOR GLOCK® Safety Instruction Guide

Introduction

Thank you for choosing the REDUCED POWER STRIKER SPRING for GLOCK® STRIKER SPRING. This product is designed to enhance the performance of your firearm by replacing the factory striker spring. It is important to understand how to use this product safely to ensure optimal performance and safety.

General Safety Guidelines

- Always handle firearms with care and follow all local laws and regulations regarding firearms.
- Ensure that you are familiar with the operation of your GLOCK® handgun before installing the striker spring.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and tear. Replace if damaged.
- If you experience any issues or malfunctions, discontinue use and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Only use the REDUCED POWER STRIKER SPRING with GLOCK® handguns.
- Ensure that the firearm is unloaded before installation or maintenance.
- Avoid using excessive force during installation to prevent damage to the spring or firearm.
- Be aware of the reduced weight of the spring (4 lb. rating) compared to the factory weight (5.5 lb.). This may affect trigger pull and overall firearm handling.
- Do not modify the spring or use it in a manner not intended by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools: a punch tool and a small hammer.

2. Remove the Slide:

- Follow the manufacturer's instructions to safely remove the slide from the frame of the handgun.

3. Remove the Factory Striker Spring:

- Locate the striker assembly within the slide.
- Use the punch tool to gently push out the retaining pin holding the factory striker spring.
- Carefully remove the factory spring from the striker assembly.

4. Install the REDUCED POWER STRIKER SPRING:

- Take the REDUCED POWER STRIKER SPRING and align it with the striker assembly.
- Insert the new spring into the striker assembly, ensuring it fits securely.
- Replace the retaining pin to hold the spring in place.

5. Reassemble the Firearm:

- Reattach the slide to the frame of the handgun, following the manufacturer's instructions.
- Perform a function check to ensure the firearm operates correctly.

6. Testing:

- Conduct a safe and controlled test of the firearm in a secure environment to evaluate the trigger pull and overall performance.

Disposal Instructions

- Dispose of the factory striker spring and any packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling options for metal components.

Contact Information for Further Support

For any questions or concerns regarding the REDUCED POWER STRIKER SPRING, please consult the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of your REDUCED POWER STRIKER SPRING. Always prioritize safety and compliance with local laws when handling firearms.
