[Rifle Parts](#) > [Receiver Parts](#) > [Receiver Hardware](#) > [Springs](#)

## Kits to Improve Functioning

Reduced Power Tune-Up Pak fits 10/22® in all calibers. Includes an extra power hammer spring, reduced power trigger spring, and reduced power sear spring to improve let-off and reduce trigger pull, perfect for competition. Tune-Up Pak fits all calibers of 10/22®. Includes an extra power hammer spring, extra power trigger spring, and reduced power sear spring for a clean, crisp trigger pull, perfect for hunting. For an even smoother, lighter-feeling trigger pull, install the reduced power (RP) trigger/sear spring. Tune-Up Paks do not include recoil springs.

# RUGER® 10/22® RIFLE TUNEUP KITS WOLFF KIT 18075 TUNEUP PAK Safety Instruction Guide

## Introduction

Thank you for choosing the RUGER® 10/22® Rifle TuneUp Kits Wolff Kit 18075 TuneUp Pak. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and firearm components with care, following all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only in conjunction with compatible models of the RUGER® 10/22®.
- Ensure that the firearm is unloaded and the safety is engaged before installation or maintenance.
- Do not exceed the recommended specifications for installation and use.
- Be aware that modifications to the trigger mechanism may affect the firearm's performance.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components for installation.
- Ensure the firearm is completely unloaded and the safety is engaged.

### 2. Installation Steps

- Remove the existing trigger and sear springs from the firearm following the manufacturer's instructions.
- Carefully install the extra power hammer spring, reduced power trigger spring, and reduced power sear spring from the TuneUp Pak.
- Ensure that all springs are seated correctly and securely in their respective positions.

### 3. Testing the Trigger

- After installation, perform a function check to ensure the trigger operates correctly.
- Test the trigger pull to verify that it meets your preferences for weight and letoff.

### 4. Final Safety Check

- Before using the firearm, conduct a thorough safety check to confirm that all components are functioning properly.
- Always follow the manufacturer's guidelines for safe handling and operation of the firearm.

## **Disposal Instructions**

- Dispose of any old springs or components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the RUGER® 10/22® Rifle TuneUp Kits Wolff Kit 18075 TuneUp Pak, please refer to the manufacturer's website or contact their customer support for assistance.
