# 1911 Hammer Spring 20 lb. Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 Hammer Spring 20 lb., Light, 1911 Auto, 3Pak. This product is designed to enhance your shooting experience by providing lighter hammer springs necessary for achieving ultralight trigger pulls. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the product is suitable for your firearm model (Government, Commander).
- Be aware of the potential risks associated with modifying your firearm.
- Follow all local laws and regulations regarding firearm modifications.
- Store the hammer springs in a safe place, out of reach of children.
- Regularly inspect your firearm and its components for wear or damage.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or replacing the hammer spring.
- Use protective eyewear when handling or modifying your firearm.
- Do not exceed the recommended spring weight for your specific firearm model.
- Consult a qualified gunsmith if you are uncertain about the installation process.
- Be cautious of the tension and force when handling the hammer spring to avoid injury.
- Only use the hammer springs for their intended purpose and within the specified parameters.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools, including a punch tool and a hammer.

### 2. Removing the Old Hammer Spring:

- Disassemble the firearm according to the manufacturer's instructions.
- Locate the hammer spring and carefully remove it using the punch tool to release tension.

### 3. Installing the New Hammer Spring:

- Take the new hammer spring from the package.
- Align the spring with the hammer assembly and gently insert it into place.
- Ensure that the spring is seated correctly and securely.

### 4. Reassembling the Firearm:

- Follow the manufacturer's instructions to reassemble your firearm.
- Check that all components are functioning properly and that the firearm is safe to operate.

### 5. Testing:

- Conduct a function test to ensure that the trigger pull is as expected.
- If there are any issues, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of used or damaged hammer springs in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with your local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please consult your local dealer or firearms expert. It is important to have access to knowledgeable support for any questions or concerns about the use of this product.

Thank you for prioritizing safety while using the 1911 Hammer Spring 20 lb. Enjoy your shooting experience!
