

# 1911 SEAR SPRING - WOLFF 1911 SEAR SPRING, 5 PAK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Sear Parts](#) > [Sear Springs](#)

## Adds Reliability & Consistency To Trigger Jobs

Wolff's renowned quality standards ensure uniform thickness throughout the entire spring for consistent tension on both the sear and disconnecter. Correctly tempered so it won't take a set when left "cocked and locked".

# Safety Instruction Guide for 1911 SEAR SPRING

## WOLFF 1911 SEAR SPRING, 5 PAK

### Introduction

Thank you for choosing the Wolff 1911 Sear Spring. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before installation and use, and keep it for future reference.

### General Safety Guidelines

- Ensure that all safety precautions are followed when handling and installing the sear spring.
- Always wear appropriate safety gear, such as safety glasses, when working on firearms.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the spring for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- The sear spring is designed for use with 1911 Autos only. Do not attempt to use it with other firearm models.
- Ensure that the firearm is unloaded and the chamber is clear before beginning any installation or maintenance work.
- Handle the sear spring with care to avoid injury from sharp edges or improper handling.
- Do not use the sear spring if it shows signs of damage or if it has been altered in any way.
- Follow all manufacturer recommendations for installation and usage to avoid potential hazards.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure your workspace is clean and welllit.
- Gather all necessary tools for installation, including screwdrivers and pliers.

#### 2. Installation Steps:

- Unload the firearm and ensure it is in a safe condition.
- Remove the grip panels to access the sear and disconnecter.
- Carefully remove the old sear spring, taking note of its position and orientation.
- Install the new Wolff sear spring in the same position and orientation as the old one.
- Reassemble the grip panels, ensuring all screws are tightened securely.

#### 3. PostInstallation Checks:

- Conduct a function check to ensure that the sear and disconnecter operate correctly.
- If any issues arise, consult a qualified gunsmith for further assistance.

### Disposal Instructions

- Dispose of any old or damaged springs in accordance with local regulations.
- Do not incinerate the product, as it may release harmful substances.

## **Contact Information for Further Support**

For any questions or concerns regarding the Wolff 1911 S&W Spring, please contact the manufacturer or refer to their official website for additional resources and support.

By following these guidelines, you can ensure the safe and effective use of the Wolff 1911 S&W Spring. Thank you for your attention to these important safety instructions.
