Safety Instruction Guide for REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28

Introduction

Thank you for choosing the REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28#. This product is designed to improve striker acceleration and help correct ignition problems in Remington firearms. Please read and understand this safety instruction guide before use to ensure safe and effective operation.

General Safety Guidelines

- Ensure that all nonfood products are used safely according to the manufacturer's instructions.
- Be aware of the potential risks associated with the use of firearm components.
- In case of any product recall, follow the standardized recall notices and remedies provided by the manufacturer.
- When purchasing online, ensure that you are buying from a reputable source that meets safety requirements.
- Special care should be taken when using this product around vulnerable groups, including children.
- For safety inquiries, ensure you have access to an EUbased contact point.

Specific Safety Precautions for Use

- Always handle firearms with care, treating every firearm as if it is loaded.
- Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
- Do not attempt to modify the striker springs beyond the manufacturer's specifications.
- Regularly inspect the springs for wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- If you experience any ignition problems after installation, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded.
- Gather the necessary tools for installation (screwdriver, pliers, etc.).

2. Installation Steps

- Remove the bolt from the firearm according to the manufacturer's instructions.
- Carefully remove the existing striker spring from the bolt.
- Install the new REM 700/722/725 & RUGER 77 Blitzschnell Striker Spring by placing it in the same position as the old spring.
- Ensure that the ends of the spring are properly seated and that it is correctly aligned.
- Reassemble the bolt and reinstall it into the firearm.

3. PostInstallation Check

- After installation, conduct a function check to ensure that the striker operates correctly.
- Test the firearm in a safe and controlled environment.

Disposal Instructions

- Dispose of old striker springs and any packaging materials in accordance with local regulations.
- Do not dispose of in regular household waste; check for recycling options for metal components.

Contact Information for Further Support

For any questions or concerns regarding the use of the REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28#, please refer to the manufacturer's contact information provided with the product packaging or on their official website.

Remember, safety is paramount. Always prioritize safe handling and operation practices when using firearm components. Thank you for your attention to these important safety instructions.
