Safety Instruction Guide for REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS WOLFF 32

Introduction

Thank you for choosing the REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS by WOLFF. This guide provides essential safety information, installation instructions, and proper usage guidelines to ensure your safety and the optimal performance of your product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is suitable for your firearm model (Remington 700, 722, 725, 40X).
- Always handle firearms and related components with care and in accordance with local laws and regulations.
- Store the product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the striker springs for wear or damage before use.
- If you experience any malfunctions or irregularities, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or replacing any components, including striker springs.
- Avoid using excessive force during installation to prevent damage to the springs or firearm.
- Be aware that the installation of custom triggers may alter the performance and ratings of the striker springs.
- Use appropriate personal protective equipment (PPE) when handling firearms and their components, such as safety glasses and gloves.
- Never modify the springs or use them in a manner not intended by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and welllit.
- Gather all necessary tools, including a suitable screwdriver and any other tools recommended by your firearm's manufacturer.

2. Installation Steps:

- Confirm that your firearm is unloaded and pointed in a safe direction.
- Remove the bolt from the firearm according to the manufacturer's instructions.
- Carefully remove the existing striker spring from the bolt assembly.
- Inspect the bolt assembly for any signs of damage or wear.
- Install the new WOLFF striker spring by following these steps:
 - Align the spring with the bolt assembly.
 - Gently compress the spring and ensure that it is seated properly.
 - Replace any retaining components, ensuring they are secure.
- Reinstall the bolt into the firearm, ensuring it functions correctly.

3. **Testing:**

- After installation, perform a function check to ensure that the striker operates correctly.
- If any issues arise, consult a qualified gunsmith for assistance.

Disposal Instructions

- Dispose of any old or damaged springs responsibly, following local regulations for hazardous waste.
- Do not dispose of springs in regular household waste; check with local authorities for proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding safety concerns, please contact the manufacturer or a qualified professional.

By following these guidelines and instructions, you can ensure the safe and effective use of the REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS. Always prioritize safety and adhere to best practices when handling firearms and their components.
