# Safety Instruction Guide for REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28

## Introduction

Thank you for purchasing the REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28#. This product is designed to improve striker acceleration and may assist in correcting ignition problems in compatible firearms. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is compatible with your firearm model (Remington 700, 721, 725).
- Handle all firearms and firearm components with care and in accordance with local laws and regulations.
- Always wear appropriate safety gear when handling firearms, including eye protection.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the striker springs with any firearms other than those specified.
- Ensure that the firearm is completely unloaded before installing or replacing the striker springs.
- Use only tools that are appropriate for the installation process to avoid damaging the springs or the firearm.
- Avoid excessive force when compressing the springs during installation to prevent injury or damage.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation (e.g., screwdriver, pliers).

### 2. Removing the Old Striker Spring:

- Disassemble the firearm according to the manufacturer's instructions.
- Carefully remove the old striker spring from the bolt assembly.

### 3. Installing the New Striker Spring:

- Take the new REM 700/722/725 & RUGER 77 Blitzschnell Striker Spring and inspect it for any visible defects.
- Align the new spring with the bolt assembly, ensuring it is positioned correctly.
- Gently compress the spring and secure it in place, ensuring it sits flat.

### 4. Reassembling the Firearm:

- Reassemble the firearm according to the manufacturer's instructions.
- Perform a function check to ensure proper operation.

### 5. PostInstallation Check:

- After installation, verify that the striker spring is functioning correctly by performing a dry fire test in a safe environment.
- Monitor the performance of the firearm and the new striker spring during use.

## **Disposal Instructions**

- Dispose of any old or damaged springs in accordance with local regulations.
- Do not dispose of springs in regular household waste; check for recycling options or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact information provided with the product packaging. It is important to reach out to qualified professionals for assistance.

Thank you for prioritizing safety while using the REM 700/722/725 & RUGER 77 Blitzschnell Striker Springs 28#. By following these guidelines, you contribute to a safer shooting experience.
