Safety Instruction Guide for REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS 28

Introduction

Thank you for purchasing the REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS 28#. This product is designed to improve striker acceleration and help correct ignition problems in your Ruger® 77® firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle firearms with care and follow all safety rules.
- Ensure that the firearm is unloaded before installing or handling the striker spring.
- Store the product in a safe place, away from children and unauthorized users.
- Regularly inspect the spring for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight specifications as indicated in the product description.
- Avoid using the product with incompatible models or modifications that could compromise safety.
- Wear safety glasses when working on or installing firearm components.
- Ensure that the installation is performed in a clean and welllit environment.
- Keep hands and body clear of moving parts during installation and testing.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, including a screwdriver and a workbench or stable surface.

2. Installation Steps

- Remove the bolt from the firearm according to the manufacturer's instructions.
- Carefully remove the old striker spring from the bolt.
- Inspect the bolt and surrounding components for any signs of wear or damage.
- Insert the new REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRING into the bolt, ensuring it is seated properly.
- Reassemble the bolt and reinstall it into the firearm.

3. Testing

- After installation, perform a function check to ensure proper operation.
- Test the firearm in a safe and controlled environment, following all safety protocols.

4. Regular Maintenance

- Regularly check the striker spring for signs of wear or fatigue.
- Replace the spring if it shows any signs of damage or if performance issues arise.

Disposal Instructions

- Dispose of old or damaged springs in accordance with local regulations.
- Ensure that all components are disposed of in a manner that prevents access by children or unauthorized individuals.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or customer service for specific inquiries regarding safety, installation, and usage of the REM 700/722/725 & RUGER 77 BLITZSCHNELL STRIKER SPRINGS 28#.

Thank you for taking the time to read this safety instruction guide. Your safety and the safe operation of your firearm are our top priorities.
