Stamp Your Own Combination Of Numbers & Specs In Softer Steels & Metals

Hand cut and taper-ground to make "factory perfect" impressions when marking custom rifle barrels and other metal objects you want to professionally identify. Made from only the finest quality steel, selected for its proven ability to stand the gaff, then heat-treated to three distinct hardnesses. The character end is hardened to Rc 62 to prevent chipping. Hammer end is crowned and hardened to prevent mushrooming and the center is hardened to transmit the hammer blow. Sharply cut Gothic characters ensure a deep, clear impression. Smooth, ground taper improves appearance and eliminates cracks that sometimes develop in a rough taper. Each stamp is individually inspected and marked with index on thumb side so you'll always know which way the stamp is facing. Sets of letters consist of 27 characters, including period. Sets of figures consist of nine characters from 0 to 8, the 6 also being used for the 9. Packed in sturdy wooden box with lid.

NOTE: Steel Stamps are intended for softer steels, barrels, etc. DO NOT use on hardened or plated steels, knife blades, tough alloys. Misuse voids guarantee.

Introduction

Thank you for choosing the STEEL ALPHABET LETTERS & FIGURES 3/32" STEEL FIGURE STAMP SET. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the stamps.

General Safety Guidelines

- Ensure safe use of the product by following all instructions and warnings.
- Be aware of potential hazards associated with sharp tools and metal objects.
- Always supervise children when using or near the product.
- Report any unsafe product conditions to the appropriate authorities.
- Stay informed about product recalls or safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the stamps.
- Keep the work area clean and organized to prevent accidents.
- Ensure that the stamps are used on a stable surface to avoid slipping.
- Avoid using the stamps on surfaces that are not designed for stamping; this can cause damage to both the stamps and the object being stamped.
- Do not use excessive force while stamping to prevent injury or damage to the stamps.
- Inspect stamps for damage before each use. Do not use stamps that show signs of chipping or wear.
- Store the stamps in a secure place, out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Select the desired stamp from the set.
- Ensure that the surface to be stamped is clean and dry.
- Position the object securely on a stable work surface.

2. Stamping Process:

- Hold the stamp firmly by the handle end.
- Align the character end of the stamp with the desired location on the object.
- Use a hammer to strike the end of the stamp with a controlled and firm blow. Avoid excessive force.
- Lift the stamp straight up after striking to avoid smudging the impression.

3. PostUsage Care:

- Clean the stamps after use to remove any metal shavings or debris.
- Store the stamps in the provided wooden box to protect them from damage.

Disposal Instructions

- Dispose of any damaged or unusable stamps in accordance with local waste disposal regulations.
- Ensure that all components are disposed of safely to prevent injury to others.
