

# Platinum Series Rotary Tumbler 7L - Platinum Series Rotary Tumbler 7L, 220V

[Reloading](#) > [Case Cleaning](#) > [Case Tumblers & Accessories](#)

The Frankford Arsenal® Platinum Series Rotary Tumbler delivers a new level of brass cleaning performance. Rotary tumbling with stainless steel media in a liquid bath gets brass much cleaner and works much faster than ultrasonic or vibratory tumbling methods. The small stainless pins easily penetrate inside cases and into primer pockets to deliver unbeatable cleaning power. The large volume drum holds up to 1000 pieces of .223 brass and has a molded in rubber lining to protect brass and dampen noise during operation. A built in timer in the base can be set to run from 0 to 3 hours, shutting off automatically. A set of sifting end caps is also included to assist in separating the stainless media once tumbling is complete. The tumbler can effectively clean without the use of stainless media pins with a mixture of Frankford Brass Cleaning Solution and water (use of media pins ensures primer pockets and inside of cases are perfectly clean). Five pounds of 304 stainless media pins and a sample packet of Frankford Brass Cleaning Solution are included. Most effective brass cleaning process available with a large 7 liter capacity.

# Frankford Arsenal Platinum Series Rotary Tumbler 7L Safety Instructions

## Introduction

Thank you for choosing the Frankford Arsenal® Platinum Series Rotary Tumbler 7L. This product is designed to provide efficient and effective cleaning of brass cases. To ensure safe and optimal use of this product, please carefully read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the tumbler in accordance with the provided instructions.
- Ensure the tumbler is placed on a stable and level surface during operation.
- Keep the tumbler out of reach of children and pets.
- Do not operate the tumbler if it is damaged or malfunctioning.
- Regularly check the power cord and plug for any signs of wear or damage.
- Avoid using the tumbler in wet or damp conditions to prevent electrical hazards.
- Store the tumbler in a dry environment when not in use.
- Be aware of potential hazards associated with cleaning media and solutions.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Ensure the tumbler is connected to a power supply that matches the specified voltage (220V).
  - Do not overload the tumbler beyond its capacity of 1000 pieces of .223 brass.
- **Chemical Safety:**
  - Use only the Frankford Brass Cleaning Solution as directed.
  - Keep cleaning solutions out of reach of children and avoid contact with skin and eyes.
  - In case of contact with eyes or skin, rinse immediately with plenty of water and seek medical attention if necessary.
- **Mechanical Safety:**
  - Keep hands and loose clothing away from moving parts during operation.
  - Do not attempt to disassemble the tumbler while it is in operation.
  - Use the included sifting end caps to safely separate stainless media after tumbling.
- **Noise:**
  - The tumbler may produce noise during operation; consider using ear protection if necessary.

## Instructions for Installation and Usage

### 1. Setup:

- Place the tumbler on a flat, stable surface away from edges.
- Ensure the power switch is in the "Off" position before plugging in the unit.

### 2. Loading the Tumbler:

- Open the drum lid and load up to 1000 pieces of .223 brass.
- Add the appropriate amount of Frankford Brass Cleaning Solution and water as needed.
- If using stainless media pins, add the specified amount to the drum.

### 3. Operating the Tumbler:

- Close the drum lid securely.

- Plug the tumbler into a suitable power outlet (220V).
- Set the builtin timer for the desired duration (0 to 3 hours).
- Press the power switch to start the operation.

#### **4. PostOperation:**

- Once the timer has elapsed, the tumbler will shut off automatically.
- Allow the tumbler to cool down before handling.
- Use the sifting end caps to separate the stainless media from the cleaned brass.

#### **5. Cleaning and Maintenance:**

- After each use, clean the tumbler drum and exterior with a damp cloth.
- Regularly inspect the tumbler for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of any used cleaning solutions and stainless media in accordance with local regulations.
- Do not dispose of the tumbler with general household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Frankford Arsenal Platinum Series Rotary Tumbler 7L, please reach out to the appropriate customer support channels as needed.

**Important Note:** In the event of an unsafe product or accident, report it to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Enjoy using your Frankford Arsenal Platinum Series Rotary Tumbler 7L safely and effectively!
