

Platinum Series Brass Dryer - Platinum Series Brass Dryer, 220V

[Reloading](#) > [Case Cleaning](#) > [Ultrasonic Case Cleaners](#)

The Frankford Arsenal® Platinum Series Brass Dryer is a quick, convenient, and efficient system for drying your brass. This dryer is the perfect tool for drying your rifle and pistol brass after wet case cleaning processes such as rotary tumbling or ultrasonic cleaning. The separate and removable trays let you dry different calibers at the same time without mixing them together. The Brass Dryer is a high-capacity unit that can dry up to 1000 pieces of .223 rifle brass or up to 2000 pieces of 9mm pistol brass. This dryer can dry your brass cases inside and out in under an hour. The forced air convection heating lessens the chance of watermarks on your newly clean brass. The powerful 500 watt heating system heats air quickly and consistently, which reduces drying time. The forced air flow design ensures that heat and air are evenly distributed throughout the separate trays, drying the cases inside and out. The top mounted fan ensures that no moisture from the cleaning process can accumulate in the circuitry. The drying trays have fine grated bottoms and retaining ribs to keep your brass separated on different layers. Combined with a Platinum Series Rotary Tumbler, dirty corroded range brass will be as shiny as new.

Frankford Arsenal Platinum Series Brass Dryer

Safety Instructions

Introduction

Thank you for choosing the Frankford Arsenal® Platinum Series Brass Dryer. This product is designed to efficiently dry your brass cases after cleaning. To ensure safe and effective use of this appliance, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is used only for its intended purpose—drying brass cases.
- Always supervise the appliance when in use, especially around children or vulnerable individuals.
- Keep the dryer away from water or wet areas to prevent electrical hazards.
- Do not operate the dryer with a damaged power cord or plug. If damaged, contact a qualified technician for repair.
- Use the dryer in a wellventilated area to allow for proper air circulation.
- Follow all local regulations regarding electrical appliances and safety.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Ensure the dryer is connected to a power supply that matches the voltage specified (220V).
 - Do not use extension cords unless they are rated for the power required by the dryer.
- **Heat Safety:**
 - The dryer operates at high temperatures. Avoid touching hot surfaces to prevent burns.
 - Keep flammable materials away from the dryer during operation.
- **Child Safety:**
 - This product is not intended for use by children. Keep out of reach of children.
- **Hazardous Materials:**
 - Do not dry brass cases that have been exposed to hazardous materials or chemicals.

Instructions for Installation and Usage

1. Installation:

- Place the dryer on a flat, stable surface away from water sources.
- Ensure there is adequate space around the dryer for air circulation.
- Plug the dryer into a suitable power outlet (220V).

2. Usage:

- Remove the drying trays from the dryer.
- Place cleaned brass cases into the trays, ensuring they do not overlap.
- Reinsert the trays into the dryer securely.
- Turn on the dryer using the power switch.

- Monitor the drying process. The dryer will typically dry brass cases in under an hour.
- Once the drying cycle is complete, turn off the dryer and unplug it from the power source.
- Allow the dryer to cool down before removing the trays.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of electrical appliances with regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Frankford Arsenal Platinum Series Brass Dryer, please refer to the contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective experience with your Frankford Arsenal Platinum Series Brass Dryer. Thank you for your attention to these important guidelines.
