

Quick-n-EZ Standard Media Separator

[Reloading](#) > [Case Cleaning](#) > [Case Tumblers & Accessories](#)

Sits conveniently on top of most 3 1/2 or 5 gallon buckets (Buckets not include for sale). Side walls are 4 3/4" in height, giving it the capacity to hold a tumbler full of brass and media. Perforated bottom lets the media fall through, leaving clean brass behind.

Frankford Arsenal QuicknEZ Standard Media Separator Safety Instructions

Introduction

Thank you for choosing the Frankford Arsenal QuicknEZ Standard Media Separator. This product is designed to assist in the separation of brass and media effectively and safely. Please read and follow these safety instructions carefully to ensure safe use and optimal performance.

General Safety Guidelines

- Always use the media separator in accordance with the manufacturer's instructions.
- Ensure that the separator is placed on a stable surface and is not overloaded.
- Keep the separator out of reach of children and vulnerable individuals.
- Regularly inspect the separator for any signs of damage or wear before use.
- If you notice any defects, discontinue use immediately and contact the manufacturer for guidance.
- Be aware of potential hazards associated with the media and brass being used.

Specific Safety Precautions for Use

- Ensure that the separator is positioned securely on top of a compatible 3 1/2 or 5gallon bucket.
- Do not use the separator without a bucket underneath to catch the media.
- Avoid placing the separator near heat sources or in damp environments.
- Do not exceed the recommended capacity of the separator; it is designed to hold a tumbler full of brass and media.
- Use caution when handling brass and media, as they may have sharp edges or other hazards.
- Always wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when using the separator.

Instructions for Installation and Usage

1. Installation

- Ensure you have a compatible 3 1/2 or 5gallon bucket ready for use.
- Place the QuicknEZ Standard Media Separator securely on top of the bucket.
- Ensure that the separator is stable and does not wobble.

2. Usage

- Pour the contents of your tumbler into the separator.
- Allow the media to fall through the perforated bottom while keeping the clean brass in the separator.
- Once the separation is complete, carefully remove the separator from the bucket.
- Dispose of the used media according to local regulations.

Disposal Instructions

- Dispose of used media in accordance with local waste disposal regulations.
- Do not dispose of media in the environment; ensure it is disposed of in a designated waste facility.
- If the separator becomes damaged beyond repair, dispose of it according to local regulations for plastic products.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact the manufacturer through the provided channels. Always refer to the product packaging or the manufacturer's website for the most current contact information.

By following these safety instructions, you can ensure the safe and effective use of the Frankford Arsenal QuicknEZ Standard Media Separator. Thank you for prioritizing safety and compliance with EU General Product Safety Regulations.
