Hooyman Cordless 40 Volt Lithium Pole Saw

Safety Instructions

Introduction

Thank you for choosing the Hooyman Cordless 40 Volt Lithium Pole Saw. This guide provides essential safety instructions to ensure the safe and effective use of your pole saw. Please read this manual carefully before using the product to minimize risks and ensure a safe experience.

General Safety Guidelines

- Always operate the pole saw in a welllit area.
- Keep children and pets at a safe distance while using the saw.
- Wear appropriate personal protective equipment (PPE) including gloves, safety goggles, and sturdy footwear.
- Do not operate the saw under the influence of drugs or alcohol.
- Inspect the pole saw before each use to ensure it is in good working condition.
- Do not use the pole saw if it is damaged or malfunctioning.
- Be aware of your surroundings and avoid operating the saw near power lines or other hazards.
- Store the pole saw in a dry, secure place when not in use.

Specific Safety Precautions for Use

- Ensure the battery is fully charged before use.
- Do not use the pole saw for purposes other than those intended.
- Use both hands to operate the pole saw for better control.
- Maintain a firm grip and a stable stance while cutting.
- Avoid cutting above shoulder height to prevent loss of control.
- Do not overreach; keep a stable footing to maintain balance.
- If the saw jams, turn it off and disconnect the battery before attempting to remove the obstruction.
- Do not attempt to cut branches that are larger than the recommended cutting capacity of the saw.
- Allow the saw to come to a complete stop before setting it down.

Instructions for Installation and Usage

1. Battery Installation:

- Ensure the pole saw is turned off.
- Align the battery with the slot on the pole saw.
- Press down firmly until you hear a click, indicating that the battery is securely attached.

2. Charging the Battery:

- Connect the charger to a power outlet.
- Insert the battery into the charger.
- The LED charge indicators will show the charging status. A solid light indicates a full charge.

3. Using the Pole Saw:

- Hold the pole saw with both hands, ensuring a secure grip.
- Position the saw at the desired cutting angle.
- Press the power button to start the saw.
- Begin cutting with a steady motion, allowing the saw to do the work.

- Once finished, release the power button to turn off the saw.

4. PostUse Care:

- Disconnect the battery before cleaning or performing maintenance.
- Clean the saw with a damp cloth and ensure it is free from debris.
- Store the saw in a dry place, away from direct sunlight.

Disposal Instructions

- Dispose of the pole saw and battery in accordance with local regulations.
- Do not dispose of batteries in household waste. Check for local battery recycling programs.
- Ensure all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the use of your Hooyman Cordless 40 Volt Lithium Pole Saw, please refer to the manufacturer's website or contact the customer service department for assistance.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable experience with your Hooyman Cordless 40 Volt Lithium Pole Saw. Always prioritize safety and be aware of your surroundings while using this powerful tool. Thank you for choosing Hooyman!
