Carbon fiber is well-suited to the tough tasks assigned to cleaning rods. It combines the best features of stainless steel and coated cleaning rods, then adds valuable properties of its own. Stainless steel rods can scratch or wear barrels if they're used carelessly – though they won't pick up potentially damaging small abrasive particles. "Coated" rods get part of the job done – they keep the stainless steel shaft from damaging your barrel's rifling, but the coating will pick up small abrasive particles, which means you're effectively running fine grit sandpaper through your bore. Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness. During Operation Iraqi Freedom, US military armorers called on Tipton to provide cleaning rods that would clean service rifles in demanding conditions. It made sense to us: Carbon fiber is an ideal material for cleaning rods. We call these cleaning rods "deluxe" because they feature an ergonomically designed handle that spins on two sets of ball bearings – the result is a cleaning rod that smoothly follows the rifling both pushing and pulling, even while under pressure. The "shank-through" construction also allows the user to apply "reasonable" hammer blows to the end of the cleaning rod to get a tight patch through a bore. Available in four diameters and six lengths to fit most rifles, pistols, and shotguns. Rifle and handgun rods are threaded for 8-32 accessories, except 17 caliber and 20 caliber rods which are threaded 5-40. Shotgun rods are threaded 5/16"-27.

## Safety Instructions

### Introduction

Thank you for choosing the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod. This product is designed to provide efficient and effective cleaning for firearms while ensuring user safety. Please read this guide carefully to understand how to use the cleaning rod safely and effectively.

### General Safety Guidelines

- Always ensure that the firearm is unloaded before using the cleaning rod.
- Use the cleaning rod only for its intended purpose: cleaning firearms.
- Store the cleaning rod in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

### Specific Safety Precautions for Use

- Avoid using excessive force when cleaning to prevent damage to the firearm or the cleaning rod.
- Do not use the cleaning rod to dislodge obstructions in the bore.
- Ensure that the cleaning rod is compatible with the caliber of the firearm you are cleaning.
- Always use appropriate cleaning patches and solvents that are suitable for your firearm.
- Be cautious of sharp edges and points on the cleaning rod and accessories.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the cleaning rod, patches, and solvent.

#### 2. Using the Cleaning Rod:

- Attach the appropriate cleaning patch to the end of the cleaning rod.
- Apply a suitable solvent to the patch if necessary.
- Insert the cleaning rod into the bore from the breech end (if applicable) and gently push it through to the muzzle.
- Pull the cleaning rod back through the bore to remove fouling and debris.
- Repeat as necessary, using fresh patches and solvent as needed.

#### 3. PostCleaning:

- After cleaning, inspect the cleaning rod for any signs of wear or damage.
- Clean the cleaning rod with a suitable solvent and store it in a safe location.

### Disposal Instructions

- Dispose of used cleaning patches and solvents according to local regulations for hazardous waste.
- Do not dispose of the cleaning rod in regular household waste if it is damaged. Check local guidelines for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod, please refer to the contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod. Thank you for prioritizing safety while maintaining your firearms.
