Carbon fiber is well-suited to the tough tasks assigned to cleaning rods. It combines the best features of stainless steel and coated cleaning rods, then adds valuable properties of its own. Stainless steel rods can scratch or wear barrels if they're used carelessly – though they won't pick up potentially damaging small abrasive particles. "Coated" rods get part of the job done – they keep the stainless steel shaft from damaging your barrel's rifling, but the coating will pick up small abrasive particles, which means you're effectively running fine grit sandpaper through your bore. Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness. During Operation Iraqi Freedom, US military armorers called on Tipton to provide cleaning rods that would clean service rifles in demanding conditions. It made sense to us: Carbon fiber is an ideal material for cleaning rods. We call these cleaning rods "deluxe" because they feature an ergonomically designed handle that spins on two sets of ball bearings – the result is a cleaning rod that smoothly follows the rifling both pushing and pulling, even while under pressure. The "shank-through" construction also allows the user to apply "reasonable" hammer blows to the end of the cleaning rod to get a tight patch through a bore. Available in four diameters and six lengths to fit most rifles, pistols, and shotguns. Rifle and handgun rods are threaded for 8-32 accessories, except 17 caliber and 20 caliber rods which are threaded 5-40. Shotgun rods are threaded 5/16"-27.

Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod

Safety Instructions

Introduction

Thank you for choosing the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod. This guide provides essential safety instructions to ensure the safe and effective use of the cleaning rod. Please read this document thoroughly before using the product.

General Safety Guidelines

- Always handle the cleaning rod with care to avoid injury.
- Ensure that the cleaning rod is used for its intended purpose only.
- Keep the cleaning rod out of reach of children.
- Regularly inspect the cleaning rod for any signs of wear or damage before use.
- If you notice any defects, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Use the cleaning rod only with the appropriate caliber of firearms.
- Avoid excessive force when using the cleaning rod to prevent damage to the firearm or the rod itself.
- Do not use the cleaning rod in a manner that may cause it to bend excessively beyond its designed limits.
- Ensure that the firearm is unloaded before inserting the cleaning rod into the bore.
- Always follow the firearm manufacturer's instructions for cleaning and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning patches and solvent.

2. Using the Cleaning Rod:

- Insert the cleaning rod into the bore of the firearm gently.
- Use the ergonomically designed handle to push or pull the rod smoothly through the bore.
- Avoid using excessive force; the rod should follow the rifling without obstruction.
- If necessary, apply reasonable hammer blows to the end of the cleaning rod to push a tight patch through the bore, but do so with caution.

3. PostUse:

- After cleaning, remove the cleaning rod and inspect it for any signs of damage.
- Clean the rod according to the manufacturer's recommendations to ensure longevity.

Disposal Instructions

- Dispose of any damaged or worn cleaning rods in accordance with local regulations.
- Do not dispose of the cleaning rod in general waste if it contains hazardous materials; check for specific disposal guidelines.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product issues, please contact the manufacturer's designated support channels.

Thank you for your attention to these safety guidelines. Enjoy your cleaning experience with the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod!
