

# Deluxe 1-Piece Carbon Fiber Cleaning Rod 27-45 Cal. 26", retail pk

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

Carbon fiber is well-suited to the tough tasks assigned to cleaning rods. It combines the best features of stainless steel and coated cleaning rods, then adds valuable properties of its own. Stainless steel rods can scratch or wear barrels if they're used carelessly – though they won't pick up potentially damaging small abrasive particles. "Coated" rods get part of the job done – they keep the stainless steel shaft from damaging your barrel's rifling, but the coating will pick up small abrasive particles, which means you're effectively running fine grit sandpaper through your bore. Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness. During Operation Iraqi Freedom, US military armorers called on Tipton to provide cleaning rods that would clean service rifles in demanding conditions. It made sense to us: Carbon fiber is an ideal material for cleaning rods. We call these cleaning rods "deluxe" because they feature an ergonomically designed handle that spins on two sets of ball bearings – the result is a cleaning rod that smoothly follows the rifling both pushing and pulling, even while under pressure. The "shank-through" construction also allows the user to apply "reasonable" hammer blows to the end of the cleaning rod to get a tight patch through a bore. Available in four diameters and six lengths to fit most rifles, pistols, and shotguns. Rifle and handgun rods are threaded for 8-32 accessories, except 17 caliber and 20 caliber rods which are threaded 5-40. Shotgun rods are threaded 5/16"-27.

# Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod Safety Instructions

## Introduction

Thank you for choosing the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod. This product is designed for cleaning firearms effectively while ensuring safety during use. Please read and follow these safety instructions carefully to ensure safe and proper operation.

## General Safety Guidelines

- **Product Safety:** This cleaning rod is intended for use with firearms only. Ensure all safety measures are followed to prevent accidents.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized notices. Please adhere to any instructions provided for your safety.
- **Online Shopping:** If purchased online, ensure that the retailer complies with all safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay informed about any safety updates regarding this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Inspection:** Before each use, inspect the cleaning rod for any signs of damage or wear. Do not use if damaged.
- **Proper Handling:** Always handle the cleaning rod with care. Avoid dropping or mishandling it to prevent breakage.
- **Use Appropriate Accessories:** Ensure that any accessories used with the cleaning rod are compatible and properly threaded.
- **Avoid Abrasives:** Do not use abrasive materials that could damage the cleaning rod or the firearm.
- **Bending:** While the carbon fiber rod is designed to bend without breaking, avoid excessive bending beyond its limits.
- **Pressure Application:** Use reasonable force when applying pressure to the cleaning rod. Excessive force can cause damage or injury.
- **Storage:** Store the cleaning rod in a dry place and avoid exposure to extreme temperatures or humidity to maintain its integrity.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before beginning any cleaning procedure.
- Gather all necessary cleaning supplies and accessories.

### 2. Attaching Accessories:

- For rifle and handgun rods, thread the appropriate accessory securely onto the end of the rod (832 thread for most, 540 for 17 and 20 caliber).
- For shotgun rods, ensure the accessory is compatible with the 5/16"27 thread.

### 3. Using the Cleaning Rod:

- Insert the cleaning rod into the bore of the firearm carefully.
- If using a patch or brush, ensure it is securely attached.
- Gently push and pull the rod through the bore, allowing the ergonomic handle to spin freely to follow the rifling.
- Apply reasonable pressure as needed, but do not strike the rod excessively.

#### 4. **PostCleaning:**

- After cleaning, remove the cleaning rod and any attached accessories.
- Inspect the bore and the cleaning rod for any residue or damage.
- Clean the rod with a suitable solvent if necessary, and dry it thoroughly before storage.

## **Disposal Instructions**

- Dispose of the cleaning rod according to local regulations.
- If the rod is damaged beyond repair, it should be recycled if possible. Check with local recycling facilities for proper procedures.

## **Contact Information for Further Support**

For any questions or concerns regarding the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod, please refer to the contact information provided by your retailer or the manufacturer.
