Carbon fiber is well-suited to the tough tasks assigned to cleaning rods. It combines the best features of stainless steel and coated cleaning rods, then adds valuable properties of its own. Stainless steel rods can scratch or wear barrels if they're used carelessly – though they won't pick up potentially damaging small abrasive particles. "Coated" rods get part of the job done – they keep the stainless steel shaft from damaging your barrel's rifling, but the coating will pick up small abrasive particles, which means you're effectively running fine grit sandpaper through your bore. Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness. During Operation Iraqi Freedom, US military armorers called on Tipton to provide cleaning rods that would clean service rifles in demanding conditions. It made sense to us: Carbon fiber is an ideal material for cleaning rods. We call these cleaning rods "deluxe" because they feature an ergonomically designed handle that spins on two sets of ball bearings – the result is a cleaning rod that smoothly follows the rifling both pushing and pulling, even while under pressure. The "shank-through" construction also allows the user to apply "reasonable" hammer blows to the end of the cleaning rod to get a tight patch through a bore. Available in four diameters and six lengths to fit most rifles, pistols, and shotguns. Rifle and handgun rods are threaded for 8-32 accessories, except 17 caliber and 20 caliber rods which are threaded 5-40. Shotgun rods are threaded 5/16"-27.

## Safety Instructions

### Introduction

Thank you for choosing the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the cleaning rod to avoid any hazards and to maintain your firearm safely.

### General Safety Guidelines

- Always handle firearms and cleaning equipment with care.
- Ensure the firearm is unloaded before using the cleaning rod.
- Use the cleaning rod only for its intended purpose: cleaning firearms.
- Keep the cleaning rod and all accessories out of reach of children.
- Regularly inspect the cleaning rod for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

### Specific Safety Precautions for Use

- **Potential Hazards:**

- Inadvertent discharge of a firearm.
- Damage to the firearm barrel if the cleaning rod is used improperly.
- Injury from improper handling or use of the cleaning rod.

- **Avoiding Hazards:**

- Always ensure the firearm is pointed in a safe direction.
- Do not use excessive force when pushing or pulling the cleaning rod through the bore.
- Avoid using the cleaning rod if it is bent, damaged, or shows signs of wear.
- Do not apply excessive hammer blows to the cleaning rod; use reasonable force only.

- **AgeSpecific Warnings:**

- This product is not intended for use by children without adult supervision.
- Ensure that young users understand the importance of firearm safety and proper cleaning techniques.

### Instructions for Installation and Usage

- **Installation:**

- Ensure you have the correct diameter cleaning rod compatible with your firearm.
- Thread the appropriate accessory onto the cleaning rod as needed.

- **Usage:**

- Begin by ensuring the firearm is unloaded and pointed in a safe direction.
- Insert the cleaning rod into the bore of the firearm gently.
- Push and pull the cleaning rod smoothly through the barrel to remove debris.
- Avoid twisting or bending the rod excessively during use.
- After cleaning, remove the cleaning rod and inspect it for any damage.

- Store the cleaning rod in a safe place, away from children.

## **Disposal Instructions**

- Dispose of the cleaning rod responsibly if it becomes damaged or unusable.
- Follow local regulations for the disposal of cleaning equipment and materials.
- Do not dispose of the cleaning rod in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod, please refer to the product packaging for the appropriate contact information.

Thank you for your attention to these safety instructions. Enjoy the benefits of your Tipton Deluxe 1Piece Carbon Fiber Cleaning Rod while maintaining the highest safety standards.
