

Best Bore Brush, 3 pk - Best Bore Brush 338 / 8mm Caliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

Tipton Best Bore Brush Safety Instructions

Introduction

Thank you for choosing the Tipton® Best Bore Brush, designed for optimal performance in maintaining your firearms. This safety instruction guide provides essential information to ensure safe use and handling of the product, in accordance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the Tipton® Best Bore Brush in accordance with the manufacturer's instructions.
- Ensure that the brush is compatible with the caliber of your firearm before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bore brush for wear or damage before use. Do not use if damaged.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only with a quality onepiece rod and an appropriate bore guide to prevent damage to the firearm.
- Avoid using excessive force when cleaning to prevent damage to the barrel or brush.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Do not use the bore brush on firearms that are not designed for the specified calibers (e.g., .338 and 8mm).
- Store the bore brush in a dry place to prevent rust or degradation.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary cleaning supplies, including a quality onepiece rod and bore guide.

2. Installation:

- Attach the Tipton® Best Bore Brush to the cleaning rod using the threaded brass coupler.
- Make sure the connection is secure to avoid separation during use.

3. Usage:

- Insert the bore guide into the chamber of the firearm.
- Gently push the cleaning rod with the attached bore brush through the barrel from the chamber end to the muzzle end.
- Repeat the process as necessary, using a backandforth motion to effectively clean the bore.
- After cleaning, remove the bore brush and clean the brush with a suitable solvent if necessary.

4. PostUsage:

- Inspect the bore brush for wear and damage after use.
- Store the bore brush in a protective case or container.

Disposal Instructions

- Dispose of the Tipton® Best Bore Brush in accordance with local regulations.
- If the bore brush is damaged or worn out, do not throw it in regular waste. Instead, check for local

recycling programs that accept metal products.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local distributor.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective cleaning experience with the Tipton® Best Bore Brush.
