

## Best Bore Brush, 3 pk - Best Bore Brush 35 / 9mmCaliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

# Tipton Best Bore Brush Safety Instructions

## Introduction

Thank you for choosing the Tipton® Best Bore Brush. We are committed to providing you with highquality tools to help maintain your firearms safely and effectively. This guide outlines important safety instructions and guidelines to ensure the safe use of our product.

## General Safety Guidelines

- Ensure safe use of the Tipton® Best Bore Brush by following these guidelines:
  - Always read and understand the instructions before use.
  - Keep the product out of reach of children and vulnerable individuals.
  - Use the bore brush only for its intended purpose—cleaning firearm barrels.
  - Inspect the brush before each use for any signs of damage or wear.
  - Store the bore brush in a dry, secure place to prevent damage.

## Specific Safety Precautions for Use

- When using the Tipton® Best Bore Brush, please observe the following precautions:
  - Use only with a quality onepiece rod and an appropriate bore guide to avoid damage.
  - Do not force the brush into the barrel; it should fit easily.
  - Avoid using excessive force while cleaning to prevent damage to the bore or the brush.
  - Do not use the bore brush with any abrasive materials or chemicals that may damage the bristles.
  - Always wear safety glasses to protect your eyes from debris while cleaning.

## Instructions for Installation and Usage

- Follow these steps for proper installation and use of the Tipton® Best Bore Brush:

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools—a quality onepiece rod and bore guide.

### 2. Installation:

- Attach the bore brush to the onepiece rod by screwing it into the threaded coupler securely.

### 3. Usage:

- Insert the bore guide into the barrel to align the rod.
- Gently insert the bore brush into the barrel and turn the rod clockwise.
- Pull the brush through the barrel with a smooth and steady motion.
- Repeat as necessary, ensuring not to force the brush.

### 4. Cleaning:

- After use, clean the bore brush by rinsing it in warm water to remove any residue.
- Allow it to dry completely before storing.

## **Disposal Instructions**

- When disposing of the Tipton® Best Bore Brush, please follow these guidelines:
  - Dispose of the brush in accordance with local waste disposal regulations.
  - Do not dispose of the brush in a manner that could pose a risk to the environment or public safety.

## **Contact Information for Further Support**

- For any safety inquiries or concerns regarding the Tipton® Best Bore Brush, please reach out to our EUbased contact point.

## **Conclusion**

By adhering to these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton® Best Bore Brush. Thank you for your attention to safety, and happy shooting!
