

Best Bore Brush, 3 pk - Tipton Best Bore Brush 45 Caliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

Tipton Best Bore Brush Safety Instruction Guide

Introduction

Thank you for choosing the Tipton Best Bore Brush. This guide provides essential safety instructions and information to ensure the safe and effective use of your bore brush. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the bore brush out of reach of children.
- Always inspect the bore brush for damage before use.
- Do not use the bore brush if it shows signs of wear or damage.
- Follow all local laws and regulations regarding firearms and cleaning tools.

Specific Safety Precautions for Use

- Use the bore brush only with a quality onepiece rod and an appropriate bore guide.
- Avoid excessive force when using the bore brush to prevent damage to the firearm.
- Do not use the bore brush on firearms that are loaded or have ammunition present.
- Wear safety glasses to protect your eyes from debris while cleaning.
- Ensure the firearm is pointed in a safe direction at all times during cleaning.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and safe to clean.
- Gather necessary cleaning supplies, including a onepiece rod, bore guide, and cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod securely.
- Ensure the threaded brass coupler is tight to prevent separation during use.

3. Usage:

- Insert the bore guide into the firearm's chamber.
- Gently insert the bore brush into the barrel through the bore guide.
- Use a smooth, backandforth motion to clean the barrel. Do not force the brush.
- After cleaning, remove the bore brush and clean any excess solvent from the firearm.

4. PostUse Care:

- Clean the bore brush with warm, soapy water and allow it to dry completely before storage.
- Store the bore brush in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of the bore brush in accordance with local regulations.
- If the bore brush is damaged beyond use, consider recycling the brass components if possible.

Contact Information for Further Support

For further assistance or safety inquiries, please refer to the manufacturer's website or contact the customer service team directly.

By following these safety instructions, you can ensure a safer and more effective cleaning experience with your Tipton Best Bore Brush. Thank you for your attention to safety!
