

# Professional Gunsmithing Screwdriver Set, 89 pc

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Sets](#)

Screwdrivers are the most important and most used gunsmithing tools. Wheeler's Deluxe Gunsmithing Screwdriver Sets belong on every gunsmithing bench. The well thought-out bit selection will put an end to burred, bugged and busted up screw slots on any gun. Unlike other screwdriver suppliers, Wheeler's engineers measured the screws on over one hundred modern and antique firearms to make sure that we offered bits for every situation. Whether you are working on a Browning® Superposed, a Remington® 700, a Smith & Wesson® revolver or a Colt® single action, you will find that there is a bit to fit every screw on your gun. The 89 piece set includes 15 ingenious "specialty bits". These bits are great for installing scope bases, getting you out of a pinch by providing a small pin punch when you really need it and keeping once-in-a-while lifesaver tools at your fingertips.

# Safety Instruction Guide for Wheeler Professional Gunsmithing Screwdriver Set

## Introduction

Thank you for choosing the Wheeler Professional Gunsmithing Screwdriver Set. This comprehensive set is designed to provide you with the tools necessary for effective and safe gunsmithing. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and to protect yourself and others.

## General Safety Guidelines

- Always read and understand the instructions before using the screwdriver set.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the screwdriver set out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while working.
- Regularly inspect the tools for any signs of wear or damage before use.
- Store the screwdriver set in a secure location when not in use to prevent unauthorized access.

## Specific Safety Precautions for Use

- Use the correct screwdriver bit for the specific screw to avoid damaging the screw or the tool.
- Do not apply excessive force when using the screwdriver, as this may lead to slipping and injury.
- Avoid using the screwdriver set for tasks other than those intended for gunsmithing.
- Maintain a firm grip on the screwdriver to prevent slipping during use.
- If a bit becomes stuck, do not force it out. Instead, seek assistance or use appropriate tools to remove it safely.
- Be cautious when working with firearms. Always follow standard firearm safety practices.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Identify the type of screw you are working with.
- Choose the appropriate bit from the 89piece set that matches the screw type.

### 2. Using the Screwdriver:

- Insert the selected bit into the screwdriver handle securely.
- Align the bit with the screw and apply gentle pressure.
- Turn the screwdriver in the direction needed to tighten or loosen the screw.
- If resistance is encountered, stop and reassess the situation to avoid damage.

### 3. Installing Specialty Bits:

- For specialty tasks, select the corresponding specialty bit as indicated in the set.
- Follow the same procedure for installation and usage as with standard bits.

### 4. PostUse Care:

- Clean the screwdriver and bits after use to remove debris or residues.
- Store the screwdriver set in its designated case to keep it organized and protected.

## **Disposal Instructions**

- Dispose of any damaged or wornout bits responsibly. Check local regulations for hazardous waste disposal.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please reach out to the designated EU contact point for assistance. Always ensure that you have the product details available when seeking support.

By following these guidelines, you can ensure safe and effective use of the Wheeler Professional Gunsmithing Screwdriver Set. Thank you for your attention to safety and for choosing our product.
