

# Space-Saver Screwdriver Set

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Sets](#)

Less than half the size of comparable gunsmithing screwdriver sets, the Wheeler® Space Saver Gunsmithing Screwdriver Set takes up very little space on your bench, but contains a durable and comprehensive set of 26 bits chosen to meet most of your gunsmithing needs. It's also the perfect size to include on your trips to the range and the field. Included with the standard, Phillips, hex, and torx bits, is a 2" long #2 Phillips bit which is ideal for recoil pad installation, and a hex-to-square conversion bit which allows you to use 1/4" square drive sockets and other attachments. The magnetic handle is perfectly sized for gunsmithing needs, allowing you to carry a variety of bits if the need should arise.

# Wheeler SpaceSaver Screwdriver Set Safety Instructions

## Introduction

Thank you for choosing the Wheeler SpaceSaver Screwdriver Set. This manual provides essential safety instructions to ensure the safe and effective use of your screwdriver set. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always use the screwdriver set for its intended purpose.
- Keep the screwdriver set out of reach of children and vulnerable individuals.
- Inspect the screwdriver bits and handle for damage before each use.
- Do not use damaged or worn bits, as they may cause injury.
- Store the screwdriver set in a dry place to prevent rust and deterioration.
- Follow all local regulations for the disposal of tools and accessories.

## Specific Safety Precautions for Use

- Ensure that the magnetic handle is securely attached to the bit before use.
- Use the correct size and type of bit for the screw to prevent stripping.
- Do not apply excessive force when using the screwdriver, as this may lead to tool failure.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using tools.
- Be cautious of sharp edges and moving parts when working near machinery or other tools.
- Avoid using the screwdriver set in wet or damp conditions to reduce the risk of electric shock.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Choose the appropriate screwdriver bit for the task at hand from the 26 bits included in the set.

### 2. Attaching the Bit:

- Align the bit with the magnetic handle.
- Push the bit firmly into the handle until it clicks into place.

### 3. Using the Screwdriver:

- Hold the handle firmly and apply gentle pressure to the screw.
- Turn the handle in a clockwise direction to tighten and counterclockwise to loosen.
- If resistance is met, stop and check for proper bit alignment before proceeding.

### 4. Removing the Bit:

- To remove the bit, pull it straight out of the magnetic handle.
- Store the bit in the designated storage area of the screwdriver set.

## Disposal Instructions

- Dispose of the screwdriver set and its components in accordance with local regulations.
- Do not dispose of the screwdriver set in general household waste.

- Consider recycling the metal components where facilities are available.

## Contact Information for Further Support

For any questions or safety inquiries regarding the Wheeler SpaceSaver Screwdriver Set, please contact the manufacturer directly. Ensure to have your product details handy for a more efficient response.

Thank you for following these safety instructions. Your safety is our priority, and we hope you enjoy using your Wheeler SpaceSaver Screwdriver Set.
