Safety Instruction Guide for Wheeler 30 Piece SAE/Metric Hex & Torx PHandle Set

Introduction

Thank you for choosing the Wheeler 30 Piece SAE/Metric Hex & Torx PHandle Set. This product is designed to provide you with a comprehensive toolset for various tasks around the workshop. To ensure safe and effective use of this toolset, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the toolset as intended.
- Keep the toolset out of reach of children and vulnerable individuals.
- Inspect the tools before each use for signs of wear or damage.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses.
- Do not use the tools for purposes other than those intended.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the work area is clean and welllit before starting any task.
- Do not use the tools if you are tired, distracted, or under the influence of substances that impair your judgment.
- Avoid using the tools in wet or damp conditions to prevent electrical hazards.
- Do not exceed the recommended torque settings for the tools to avoid breakage or injury.
- Store the toolset in a dry place to prevent rust and damage.
- Use the correct size and type of driver for the fastener to avoid stripping or damaging the fastener.

Instructions for Installation and Usage

1. Installation of the Stand:

- Choose a suitable location for the molded stand that is easily accessible.
- Mount the stand securely to a wall using appropriate hardware (not included).
- Ensure the stand is level and stable before placing the toolset on it.

2. Using the Tools:

- Select the appropriate driver (SAE Hex, Metric Hex, or Torx) for your task.
- Insert the driver into the fastener and apply firm, even pressure.
- Turn the driver in the correct direction (clockwise to tighten, counterclockwise to loosen).
- If resistance is met, do not force the tool; instead, reassess the fastener and ensure you are using the correct driver.

3. PostUse Care:

- Clean the tools after each use to remove dirt and grease.
- Store the tools in the molded stand to keep them organized and protected.
- Regularly check the tools for any signs of wear or damage and replace as necessary.

Disposal Instructions

- Dispose of any damaged or wornout tools in accordance with local regulations.
- Recycle packaging materials where possible to minimize environmental impact.
- Do not dispose of tools in regular household waste if they are still usable; consider donating them instead.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the product packaging or visit the manufacturer's website for contact details. Always ensure you are reaching out to an EUbased contact for assistance regarding safety concerns.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy using your Wheeler 30 Piece SAE/Metric Hex & Torx PHandle Set responsibly!
