

Roll Pin Punch Set

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Punches](#)

The Wheeler Engineering® Roll Pin Punch set is machined from hardened steel to prevent bending or breaking while driving any size roll pin. The punches are designed with a hemispherical tip to provide proper alignment of the roll pin to prevent damage to the firearm and the roll pin. The 9 piece set includes: 5/16", 1/4", 7/32", 3/16", 5/32", 1/8", 3/32", 5/64", 1/16" punches in a nylon pouch.

Safety Instruction Guide for Wheeler Roll Pin Punch Set

Introduction

Thank you for choosing the Wheeler Engineering® Roll Pin Punch Set. This guide provides essential safety instructions to ensure the safe and effective use of this tool. Please read this guide carefully before using the product to minimize risks and maximize safety.

General Safety Guidelines

- Always use the roll pin punch set in a welllit and organized workspace.
- Keep the work area clear of clutter and unnecessary tools.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, to protect against flying debris.
- Store the punch set in its nylon pouch when not in use to prevent damage and ensure safety.
- Ensure that the punches are clean and free from rust or debris before use.
- Regularly inspect the punches for any signs of wear or damage. Do not use damaged tools.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before using the roll pin punch.
- Use the appropriate size punch for the roll pin you are working with to prevent slipping or damaging the pin.
- Hold the punch firmly and apply controlled pressure when driving the roll pin to avoid injury.
- Never attempt to use the punch set on materials other than roll pins.
- Keep hands and fingers clear of the punch path to avoid injury.
- If you experience any discomfort or pain while using the tools, stop immediately and assess your technique.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have all nine punches (5/16", 1/4", 7/32", 3/16", 5/32", 1/8", 3/32", 5/64", 1/16") available and inspect them for damage.
- Gather any necessary tools or materials required for your task.

2. Using the Roll Pin Punch:

- Select the correct punch size for the roll pin.
- Position the punch tip on the roll pin, ensuring proper alignment.
- Hold the punch with one hand and use a hammer to gently tap the punch, driving the roll pin into place.
- If the punch slips, stop and reposition it before continuing.
- After the roll pin is seated, remove the punch and inspect the installation.

3. PostUsage:

- Clean the punches after use to remove any debris.
- Store the punches in the nylon pouch to protect them from damage and to keep them organized.

Disposal Instructions

- Dispose of the Wheeler Roll Pin Punch Set responsibly, following local regulations for metal tools.
- If the punches are damaged beyond repair, they should be recycled where possible. Check with local recycling programs for guidance.

Contact Information for Further Support

For safety inquiries or further information regarding the Wheeler Roll Pin Punch Set, please refer to the manufacturer's contact details provided with the product packaging or on the manufacturer's official website.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you will ensure a safe and effective experience with your Wheeler Roll Pin Punch Set. Always prioritize safety and take necessary precautions to protect yourself and others while using this product. Thank you for your attention to safety!
