# Wheeler Nylon / Brass Hammer Safety Instruction Guide

## Introduction

Thank you for choosing the Wheeler Nylon / Brass Hammer. This hammer is designed to be a versatile tool, suitable for both bench work and use at the range. It features a nylon face that is nonmarring and ideal for applications where a steel hammer may not be appropriate. The brass face is effective for driving pins and punches, among other uses. To ensure your safety and the longevity of the product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the hammer for its intended purpose.
- Inspect the hammer before each use for any signs of wear or damage.
- Keep the hammer clean and free from debris to ensure optimal performance.
- Store the hammer in a dry place to prevent rust or deterioration.
- Do not use the hammer if you are under the influence of drugs or alcohol.
- Ensure that your work area is clear of any hazards before using the hammer.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the hammer.

## Specific Safety Precautions for Use

- **Nylon Face Usage:**
  - Use the nylon face for tasks requiring a nonmarring impact.
  - Avoid using the nylon face on hard surfaces that may cause it to wear prematurely.
- **Brass Face Usage:**
  - Use the brass face for driving pins and punches only.
  - Do not use the brass face on materials that could cause the brass to deform or chip.
- **General Precautions:**
  - Keep hands and fingers clear of the striking area.
  - Do not strike the hammer against any hard surface that may cause the hammer to break.
  - Ensure that the object being struck is stable and secure.

## Instructions for Installation and Usage

1. **Before Use:**
  - Inspect the hammer for any visible damage or wear.
  - Ensure the hammer is clean and free from foreign objects.
2. **Using the Hammer:**
  - Hold the hammer firmly by the handle, ensuring a secure grip.
  - Position the object you are working on in a stable manner.
  - For the nylon face, strike gently to avoid damaging the surface.
  - For the brass face, apply firm, controlled strikes to drive pins or punches.
3. **PostUse:**
  - Clean the hammer after use to remove any debris.
  - Store the hammer in a designated place to avoid damage.

## Disposal Instructions

- Dispose of the hammer responsibly in accordance with local regulations.
- If the hammer is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the hammer in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For further support or inquiries regarding safety and usage, please refer to the official website or contact your retailer.

By following these safety instructions, you can ensure a safe and effective experience with your Wheeler Nylon / Brass Hammer. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention and enjoy your tool!
