# Wheeler Micro MultiDriver Tool Pen Safety Instructions

## Introduction

Thank you for choosing the Wheeler Micro MultiDriver Tool Pen. This guide provides important safety information to ensure the safe and effective use of your tool. Please read this manual carefully before using the product.

## General Safety Guidelines

- Always use the tool as intended and follow the instructions provided.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Do not modify or attempt to repair the tool yourself; seek professional assistance if needed.
- Store the tool in a dry and safe place when not in use.

## Specific Safety Precautions for Use

- Ensure that the bits are securely inserted before using the tool to avoid accidents.
- Avoid using the tool in wet or damp conditions to prevent electrical hazards.
- Do not use the tool for purposes other than those specified by the manufacturer.
- If you experience any discomfort or pain while using the tool, stop using it immediately.
- Be cautious when handling bits, as they can be sharp and may pose a risk of injury.

## Instructions for Installation and Usage

### 1. Installation of Bits:

- Pull the desired bit out from the exposed end of the tool.
- Insert the new bit through the top of the handle until it clicks into place.
- Ensure that the bit is securely held in place before use.

### 2. Using the Tool:

- Hold the tool comfortably in your hand.
- Apply moderate pressure while using the tool to avoid stripping screws or damaging materials.
- Use the appropriate bit for the task at hand to ensure efficiency and safety.

### 3. Storing Unused Bits:

- Use the bits holder included with the tool to store up to 12 unused bits.
- Keep the bits holder in a safe place to prevent loss or damage to the bits.

## Disposal Instructions

- Dispose of the tool and any bits in accordance with local regulations.
- Do not dispose of the tool in household waste; consider recycling options where available.
- Ensure that the tool is completely unusable before disposal to prevent accidental injury.
