BOG Tunnel Vision Auger Tree Mount Safety Instructions

Introduction

Thank you for choosing the BOG Tunnel Vision Auger Tree Mount. This product is designed to securely mount your game camera, allowing you to capture stunning wildlife images and videos. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the product before each use to ensure it is in good condition and free from damage.
- Keep the product out of reach of children and pets to prevent accidents.
- Be aware of your surroundings when using the auger, especially in wooded or outdoor areas.
- If you notice any defects or issues with the product, discontinue use immediately and consult the manufacturer.

Specific Safety Precautions for Use

- Use the auger only for its intended purpose: mounting game cameras.
- Avoid using excessive force when screwing the auger into the tree to prevent injury or damage to the tree.
- Wear appropriate safety gear, such as gloves, to protect your hands from sharp edges or splinters.
- Ensure that the area around the mounting location is clear of obstacles and hazards.
- Do not attempt to mount the game camera in adverse weather conditions, such as high winds or heavy rain.

Instructions for Installation and Usage

1. **Preparing for Installation**

   - Select a suitable tree for mounting your game camera. Ensure it is healthy and sturdy.
   - Clear any debris or obstacles from around the base of the tree.

2. **Using the Auger**

   - Align the auger with the desired height on the tree where you wish to mount the camera.
   - Firmly grip the auger handle and begin to screw it into the tree by turning it clockwise.
   - Apply steady pressure, but do not force the auger if it resists. Remove it and choose a different location if necessary.

3. **Mounting the Camera**

   - Once the auger is securely installed, attach your game camera according to the camera's specific instructions.
   - Ensure the camera is mounted securely and is not at risk of falling.

4. **Testing the Setup**

   - After installation, check the stability of the camera and the auger.
   - Test the camera functionality to ensure it operates correctly before leaving the site.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the product in regular household waste if it contains electronic components.

Contact Information for Further Support

For any questions or concerns regarding the BOG Tunnel Vision Auger Tree Mount, please refer to the manufacturer's customer support resources. Ensure you have the product information available for assistance.

Thank you for your attention to these safety instructions. Enjoy your experience with the BOG Tunnel Vision Auger Tree Mount and the wildlife photography it enables!
