

Farmhand T-Post Camera Mount

[Shooting Accessories](#) > [Range Gear](#) > [Cameras](#)

With the release of the BOG camera lineup, BOG is introducing a full assortment of game camera accessories. The T-Post Game Camera Mount is perfect for large food plots and areas without good camera hanging trees. The mini ball head allows hunters to customize their angle, to get just the right shot. Simply drive the post in, secure the mount to the post, adjust the ball head and let the camera do the rest.

BOG Farmhand TPost Camera Mount Safety Instructions

Introduction

Thank you for choosing the BOG Farmhand TPost Camera Mount. This guide provides essential safety instructions to ensure the safe and effective use of your camera mount. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the camera mount for any signs of wear or damage before each use.
- Do not modify the product in any way that could compromise its safety or functionality.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation Location:** Choose a stable and secure location for installation. Avoid areas with high foot traffic or where it may obstruct pathways.
- **Weight Limit:** Do not exceed the weight limit specified for the camera mount to prevent accidents or damage.
- **Weather Conditions:** Avoid using the camera mount in extreme weather conditions (high winds, heavy rain, etc.) that could affect stability.
- **Camera Attachment:** Ensure that the camera is securely attached to the mount before leaving it unattended.
- **Use of Tools:** When driving the post into the ground, use appropriate tools and wear protective gear to avoid injury.

Instructions for Installation and Usage

1. **Select Location:** Identify an appropriate location for the TPost Camera Mount, ideally in a large food plot or open area.
2. **Drive the Post:**
 - Use a post driver or hammer to drive the TPost securely into the ground.
 - Ensure the post is vertical and stable.
3. **Attach the Mount:**
 - Secure the camera mount to the top of the TPost using the provided hardware.
 - Make sure it is tightened properly to prevent movement.
4. **Adjust the Angle:**
 - Use the mini ball head to adjust the camera angle for the desired shot.
 - Test the angle before leaving the camera unattended.
5. **Check Stability:** After installation, check the stability of the mount and make any necessary adjustments.

Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of electrical components in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the BOG Farmhand TPost Camera Mount, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your experience with the BOG Farmhand TPost Camera Mount!
